# NEW MEXICO BOARD OF EDUCATION

This is an amendment to 6.19.2 NMAC which adds a new section 10 and renumbers sections 10 through 16.

6.19.2.10 CORRECTIVE
ACTION INITIATED BY A LOCAL
SCHOOL BOARD, SUPERINTENDENT, OR THE GOVERNING BODY
OF A CHARTER SCHOOL: Efforts at local corrective action, that is, corrective action taken by a local school board, a superintendent or the governing body of a charter school that directly involves a corrective action school as defined in Section 7 of 6.19.1 NMAC, shall not result in additional corrective action by the State Board or Department under 6.19.1 NMAC or 6.19.2 NMAC, provided that:

A. The local corrective action complies with 6.30.2 NMAC ("Standards for Excellence") and any other applicable rule of the State Board that relates to obtaining Departmental approval prior to closure or reorganization of a public school.

- B. The authority to suspend under this rule shall be continuous and remain with the State Board through the State Superintendent, and may be invoked at any time the State Board determines that the local corrective action is not in compliance with Section 9 of 6.19.2 NMAC, any other provision of this rule, or any provision of 6.19.1 NMAC.
- C. Any local corrective action is subject to being disapproved by the State Board acting through the State Superintendent where it:
- (1) does not comply with the spirit or intent of this rule; or
- (2) is detrimental to students enrolled in the corrective action school; or
- (3) is unlikely even with best practices to take the school under consideration out of corrective action; or
- (4) would result in mismanagement, misuse or waste of public funds; or
- (5) is otherwise not in the best interests of students enrolled in the corrective action school.

[6.19.2.10 NMAC – N, 03-29-02; 6.19.2.10 NMAC – N, 07-15-02]

[6.19.2.10] 6.19.2.11 SUSPEN-SION OF A LOCAL SCHOOL BOARD FOR PURPOSES OF CORRECTIVE ACTION: The State Board, through the State Superintendent, may, for purposes of corrective action, suspend the authority and responsibility of a local school board or a charter school's governing body. Where the school subject to corrective action is a charter school, the State Board, through the State Superintendent, shall have final authority over decisions of the school's governing body. As used below, "local school board" includes the governing body of a charter school.

- A. The suspension may be accomplished by either partially or totally suspending the local school board's authority and responsibility.
- B. A total suspension permits the suspension of all the local school board's authority and responsibility.
- C. A partial suspension permits the suspension:
- (1) of all the local school board's authority and responsibility as it pertains to fewer than all schools within that board's district; or
- (2) of some of the local school board's authority and responsibility as it pertains to any or all schools within that board's district.
- D. Whether total or partial, suspension of a local school board suspends the power, duties, authority, and responsibilities of the local school board as specified in the suspension order.
- E. No suspension shall be used to bring about a consolidation or reorganization of a school district without the approval of the local board of that district. [6.19.2.11 NMAC N, 03-29-02; 6.19.2.11 NMAC Rn, 6.19.2.10 NMAC, 07-15-02]

[6.19.2.11] 6.19.2.12 DURATION OF SUSPENSION: Unless otherwise provided in this rule, suspension of a local school board shall continue until requirements of law, standards or rules have been met, compliance is assured, and the State Board removes the suspension. Despite suspension of their powers, duties, authority and responsibility, nothing in this rule shall in any way limit the term of office, membership, election, re-election or recall of a local school board.

[6.19.2.12 NMAC – N, 03-29-02; 6.19.2.12 NMAC – Rn, 6.19.2.11 NMAC, 07-15-02]

[6.19.2.12] 6.19.2.13 VOLUN-TARY SUSPENSION: The authority and responsibility of a local school board may be suspended voluntarily. Such a voluntary suspension may be either total or partial. A voluntary suspension shall be accomplished by an agreement signed as between the State Superintendent and the local board, and approved by the State Board at its next available meeting.

[6.19.2.13 NMAC – N, 03-29-02; 6.19.2.13 NMAC – Rn, 6.19.2.12 NMAC, 07-15-02]

[<del>6.19.2.13</del>] <u>6.19.2.14</u> INVOLUN-TARY SUSPENSION: The State Superintendent may commence involuntary suspension of a local school board if a school within its district has rated probationary for two out of three consecutive years, and has failed to meet the criteria for the extension of school improvement after rating probationary for two out of three consecutive years. The State Board may direct the State Superintendent to determine if total or partial suspension of a local school board would be in the best interests of school children in a school district subject to corrective action. The Superintendent can but need not pursue voluntary suspension procedures as a pre-condition to involuntary suspension. Except for a total suspension in which case the suspension procedures set forth at Section 22-2-14 NMSA 1978 shall apply, the following procedures shall be used to accomplish a partial suspension:

- A. Issuance of a notice of proposed suspension. To commence an involuntary suspension, the State Superintendent shall issue a notice of proposed suspension that:
- (1) is delivered to the local school board that is the subject of the proposed suspension;
- (2) identifies the public school or public schools under the authority and responsibility of a local school board that is the object of the proposed suspension;
- (3) indicates the expected duration of the proposed suspension and that states it will not exceed the given duration unless extended by the State Board;
- (4) identifies a date, place and time where the local school board may appear and show cause either orally, in writing, or both, why an order of suspension should not be issued;
- (5) limits the amount of time that anyone including the local school board and their representative(s) and any witnesses may have, to address the State Superintendent at the show cause hearing;
- (6) notifies the local district that a written recommendation to suspend or not to suspend shall be made within 10 days of the show cause hearing.
- B. Issuance of a written recommendation. Within 10 days of the show cause hearing, the State Superintendent shall issue a written recommendation to suspend or not to suspend. Unless the State Superintendent has recommended non-suspension, he shall issue and

deliver a copy of the proposed suspension order to the local school board together with a copy of the recommendation to suspend.

- C. Contents of the proposed suspension order. The proposed suspension order shall:
- (1) identify the group, individual(s) or combination thereof who will manage and operate the school(s) subject to corrective action;
- (2) identify the public school or public schools that is the object of the proposed suspension;
- (3) indicate the duration of the proposed suspension and state that it will not exceed the given duration unless extended by the State Board;
- (4) give a detailed reason why suspension is being ordered;
- (5) set forth the specific power, duties, authority, and responsibilities of the local school board that will be affected by the proposed suspension order;
- (6) be accompanied by the outline of an action plan the State Superintendent intends to follow in providing management or necessary personnel to operate the deficient public school or schools;
- (7) contain a statement that the proposed suspension order shall become a final suspension order unless the local school board appeals the State Superintendent's recommendation and proposed suspension order to the State Board within 10 days of receipt of the proposed order.
- (8) contain a provision that the State Superintendent or his designee shall have the authority to direct the district business office to execute an appropriate procurement document and enter into a lawful contract and/or a joint powers agreement with both the SDE and a qualified provider for management consultant services, goods, services and salaries. Also, the proposed suspension order shall contain the substance of the following provisions, where applicable. The management consultant shall have control over the fiscal resources of the individual school. In making purchases, management consultants shall purchase all required district goods and services in accordance with the provisions of the New Mexico Procurement Code. The funding available to management consultants for a charter school shall be governed by the 1999 Charter Schools Act [22-8B-1 to 22-8B-15 NMSA 1978]. For all other public schools, the following fiscal resources shall be available at a minimum:
- (a) a program cost amount determined by the membership of the school subject to corrective action, using the same methodology used to calculate program cost for a school district. For the purpose of cal-

- culating the school subject to corrective action's program cost, the district's training and experience index and the district's atrisk index shall be used;
- (b) that portion of money from state, federal or local programs generated by students enrolled in the school subject to corrective action eligible for that aid; and
- (c) any capital outlay funding designated for the school subject to corrective action;
- (9) contain a provision that directs the district business office to include in that district's annual audit any public school funds used or expended by any person or entity listed at Subsection A of 6.19.2.14 NMAC who is carrying out a corrective action.
- D. Appeal of Proposed Suspension Order. Only a local school board may appeal a proposed suspension order to the State Board. A final suspension order shall not for any reason be subject to appeal to, or review or reconsideration by, the State Superintendent or State Board. To appeal a proposed suspension order, the following procedures must be followed:
- (1) A written notice of appeal shall be filed with the State Board within 10 days of receipt of the State Superintendent's recommendation and proposed suspension order.
- (2) The State Superintendent shall schedule the matter to be heard by the State Board, after giving the local school board at least 30 days within which to submit its written reasons and documents to support its position that a suspension should not be ordered at all or in the manner proposed.
- (3) The State Superintendent shall have 10 days from the receipt of the local school board's written reasons and supporting documents to submit any rebuttal reasons or documentation in support of the proposed suspension order. With the exception of provisions of law or rules, no other documents by either side shall be permitted to be submitted to or considered by the State Board.
- (4) The State Board shall allow either side, including any witnesses, a total of 30 minutes to present their position.
- (5) At any time prior to the end of its meeting, the State Board shall issue a decision and order which shall either:
- (a) deny the State Superintendent's proposed suspension order, or
- (b) allow the State Superintendent's proposed suspension order and impose any conditions on the suspension that do not violate state laws or existing State Board rules.
- (6) Any decision and order of the State Board that suspends a local school

- board shall order the suspension to become effective on the first day of the month following the meeting of the State Board that allowed the suspension.
- (7) The decision and order of the State Board is final and shall not be subject to further appeal to, or review or reconsideration by, the State Board.
- (8) Notwithstanding its decision and order, the State Board shall have continuing authority to order a modification or early termination of a suspension order, provided it justifies its action at a State Board meeting and gives both sides the opportunity to be heard.
- E. Termination of Suspension. A suspension of a local school board under this rule shall terminate only upon approval by the State Board at its next available meeting convened as near as practicable to the month set for termination in the suspension order. Provided, however, that:
- (1) Either the State Superintendent or a local school board may seek an earlier termination by submitting a detailed written request to the State Board.
- (2) Upon termination of suspension where the local school board is for whatever reason no longer lawfully constituted, the State Superintendent shall assist in a transition capacity only, until a new school board has been duly elected and sworn
- (3) Any power, duties, authority, and responsibilities held by the State Superintendent during the suspension shall be deemed immediately transferred to the local school board upon the termination of the suspension by the State Board.
- (4) The State Board may at any time on its own terminate a suspension, provided that it does so at a public meeting where it gives its reasons for the decision.
- F. Enforcement of Suspension. The State Superintendent or State Board may enforce this rule by applying to the district court for an injunction, writ of mandamus or other appropriate relief.
