If you are an individual with a disability and need this information in an alternative format or need special assistance or accommodation to participate in the hearing, please contact Cecilia Salazar of the Office of Guardianship at (505) 476-7332 at least 7 days before the hearing.

NEW MEXICO HUMAN SERVICES DEPARTMENT INCOME SUPPORT DIVISION

Notice of Public Hearing

The Human Services Department will hold a public hearing to consider proposed rules for the Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance for Needy Families (TANF) Cash Assistance Programs. The hearing to receive testimony on the proposed regulations will be held on April 14, 2011 at 10:00 am. at the Income Support Division Conference Room at Pollon Plaza, 2009 S. Pacheco St., Santa Fe, NM 87505. The Conference Room is located in room 120 on the lower level. Individuals wishing to testify may contact the Income Support Division, P.O. Box 2348, Santa Fe, NM 87504-2348, or by calling toll free 1-800-432-6217.

The Department is proposing to amend the Supplemental Nutrition Assistance Program (SNAP) regulations to reflect

new regulations regarding the eligibility of certain humanitarian immigrants for SNAP benefits. Section 4401 of the Farm Security and Rural Investment Act (FSRIA) of 2002 expanded the immigrant eligibility for nutritional assistance.

The Department is proposing new language in accordance with a memorandum issued by the United States Department of Health and Human Services and Department of Agriculture encouraging states to reduce and eliminate barriers that discourage enrollment of all eligible program participants. The new language would limit the reporting of illegal immigrants in SNAP households and TANF cash assistance benefit groups only when there is a definitive finding by the Immigration and Naturalization Agency that the individual is in the United States illegally.

The proposed regulation is available on the Human Services Department website at <http://www.hsd.state.nm.us/isd/ISDRegisters.html>. Individuals wishing to testify or requesting a copy of the proposed regulation should contact the Income Support Division, P.O. Box 2348, Pollon Plaza, Santa Fe, New Mexico, 87505-2348, or by calling 505-827-7250.

If you are a person with a disability and you require this information in an alternative format, or you require a special accommodation to participate in any HSD public hearing, program, or service, please contact the New Mexico Human Services Department toll free at 1-800-432-6217, in Santa Fe at 827-9454, or through the New Mexico Relay system, toll free at 1-800-659-8331. The Department requests at least a 10-day advance notice to provide requested alternative formats and special accommodations.

Individuals who do not wish to attend the hearing may submit written or recorded comments. Written or recorded comments must be received by 5:00 pm on April 15, 2011. Please send comments to:

Sidonie Squier, Secretary-Designate
Human Services Department
P.O. Box 2348 Pollon Plaza
Santa Fe, NM 87504-2348

**NEW MEXICO HUMAN SERVICES DEPARTMENT
MEDICAL ASSISTANCE DIVISION**

NOTICE

The New Mexico Human Services Department (HSD) is scheduling a public hearing on Monday, April 18, 2011, at 9:00 a.m. in the South Park Conference Room, Ste. 500-590 in Santa Fe, NM.

The subject of the hearing is Family Planning. The Affordable Care Act under Section 2303 allows states to amend their Medicaid plans to expand eligibility for family planning coverage regardless of age or gender. This provision has been found to be cost effective. Administration of family planning under the state plan is less burdensome and less costly than under a waiver. Therefore, the Human Services Department is proposing change the administration of its family planning program from a waiver to a state plan service. This would expand coverage to: 1) cover men; and 2) cover men and women without age restriction as is now required by statute. Applicants found ineligible for full-benefits Medicaid can choose to enroll in the family planning expansion. Individuals on family planning can have other health insurance which was not allowed previously.

Interested persons may submit written comments no later than 5:00 p.m., April 18, 2011, to Sidonie Squier, Secretary-Designate, Human Services Department, P.O. Box 2348, Santa Fe, New Mexico 87504-2348. All written and oral testimony will be considered prior to issuance of the final regulation.

If you are a person with a disability and you require this information in an alternative format or require a special accommodation to participate in any HSD public hearing, program or services, please contact the NM Human Services Department toll-free at 1-888-997-2583, in Santa Fe at 827-3156, or through the department TDD system, 1-800-609-4833, in Santa Fe call 827-3184. The Department requests at least 10 days advance notice to provide requested alternative formats and special accommodations.

Copies of all comments will be made available by the Medical Assistance Division upon request by providing copies directly to a requestor or by making them available on the MAD website or at a location within the county of the requestor.

Copies of the Human Services Register and their proposed rules are available for review on our Website at www.hsd.state.nm.us/mad/registers/2011 or by sending a

self-addressed stamped envelope to Medical Assistance Division, Program Oversight & Support Bureau, P.O. Box 2348, Santa Fe, NM. 87504-2348.

New Mexico Department of Game and Fish
[19.30.12.1 NMAC - N, 4-1-11]

19.30.12.2 SCOPE: Landowners who provide meaningful benefit to pronghorn and accept pronghorn on their properties and all pronghorn hunters who wish to recreate on deeded lands or public lands within New Mexico's exterior boundaries. Additional requirements may be found in Chapter 17 NMSA 1978 and Chapters 30, 31, 32, and 33 of Title 19.
[19.30.12.2 NMAC - N, 4-1-11]

**19.30.12.3 S T A T U T O R Y
AUTHORITY:** 17-1-14 and 17-1-26 NMSA 1978 provide the New Mexico game commission with the authority to establish rules and regulations that it may deem necessary to carry out the purpose of Chapter 17 NMSA 1978 and all other acts pertaining to protected mammals, birds, and fish. Statute 17-3-14 NMSA 1978 authorizes the director to issue an antelope license free of charge when an agreement is made with the department to hunt antelope on deeded or leased property.
[19.30.12.3 NMAC - N, 4-1-11]

19.30.12.4 D U R A T I O N :
Permanent
[19.30.12.4 NMAC - N, 4-1-11]

19.30.12.5 E F F E C T I V E D A T E:
April 1, 2011 unless a later date is cited at the end of a section.
[19.30.12.5 NMAC - N, 4-1-11]

19.30.12.6 O B J E C T I V E :
Establish the antelope private lands use system (A-PLUS) as an equitable and flexible system that recognizes the contributions of private lands and landowners to the management of pronghorn antelope and their habitats, while providing an appropriate, biologically sound, and effective harvest through sport hunting.
[19.30.12.6 NMAC - N, 4-1-11]

19.30.12.7 D E F I N I T I O N S:

A. "Authorized ranch

contact" is the person designated by the landowner to be responsible for following procedures including forwarding documents, making changes and updates to the property.

B. "Deeded acres" shall mean privately owned acres that are within the designated pronghorn habitat.

C. "Enrolled acreage" is all the acreage as defined by the department as participating in A-PLUS

D. "Game management unit" or "GMU" shall mean those areas as described in the state game commission's rule 19.30.4 NMAC Boundary Descriptions for Wildlife Management Areas.

E. "Inactivation" is the New Mexico department of game and fish procedure that immediately stops all issuance of authorizations and eligibility for participation in the program.

F. "Minimum qualifying acreage" is the total number of acres of pronghorn habitat on enrolled private land and all public land in a GMU divided by the number of mature buck licenses available in that GMU.

G. "Pronghorn authorization" shall mean the document or number generated by the department and issued to a private landowner enrolled in A-PLUS that authorizes the holder to purchase a specified license to hunt pronghorn.

H. "Pronghorn habitat" shall mean the portion of land within the boundaries of a GMU that is designated by the department as containing the majority of routine and substantial pronghorn use. This shall be the area that pronghorn management goals and subsequent harvest objectives are based.

I. "Percent private land" shall mean the percentage of the area within a GMU or ranch designated as pronghorn habitat that is private land.

J. "Percent public land" shall mean the percentage of the area within a GMU or ranch designated as pronghorn habitat that is public land.

K. "Public land" shall mean those lands held by state, federal or other public agencies.

L. "Qualifying acres" shall mean acres comprised of pronghorn habitat.

M. "Ranch" shall mean all deeded and leased lands managed by a common landowner or landowners (i.e., combined ranches) within a GMU.

N. "Review" is a period of time during which an applicant, or active ranch, may be suspended from participation until the department review concludes that all participation requirements have been

met.

[19.30.12.7 NMAC - N, 4-1-11]

19.30.12.8 PARTICIPATION REQUIREMENTS:

**A. Minimum enrollment
qualifications:**

(1) Private or leased lands that lie within pronghorn habitat.

(2) Private or leased lands that provide meaningful benefits to pronghorn, at least occasionally, as determined by the appropriate district officer or game manager.

(3) Only landowners or lessees who agree in writing to accept pronghorn on their property shall be considered. Any landowner or lessee that files a depredation complaint regarding pronghorn or takes action pursuant to Section 17-2-7.2 NMSA 1978 shall have automatically elected to become ineligible for continued participation in this program. Exceptions to this may be allowed when short-term or unusual circumstances that are typically not associated with the normal presence of pronghorn using land and forage on the property exist. In these instances, if the landowner desires to continue contributing to pronghorn, the department may allow the landowner to continue participating in this system while seeking resolution to the short-term or unusual damage pursuant to the depredation program.

(4) Landowner must agree that participation is voluntary, is based upon annual pronghorn populations, and there is no guarantee of a specific number of authorizations issued each year.

(5) All participating properties shall be subject to annual review per the requirements found in this section.

B. Enrollment process:

(1) Initial application:

(a) Landowners who choose to enroll in the system must submit a completed application form approved by the department. Application must include all documentation requested on the department application form.

(b) Both public and private land within a ranch boundary shall be enrolled.

(c) Application must be submitted to the department, hand delivered or post marked, no later than February 1 of each year. Applications received without all required documentation or hand delivered or post marked after February 1 shall be rejected. Rejected applications may be corrected and resubmitted through March 1 to be included that year if the original application was submitted by the February 1 deadline and the applicant mistakenly omitted necessary documentation or a documented family emergency, sickness or death resulted in the

application deadline being missed.

(d) Landowners with properties that do not meet the requirements set forth in Subsection A of 19.30.7.8 NMAC and minimum qualifying acreage shall be advised and given the right to appeal the department's decision with regard to meeting the minimum requirements for participation.

(2) Participating ranches:

(a) All authorized ranch contacts for participating ranches shall receive an agreement and affidavit of ownership form annually.

(b) The agreement and affidavit of ownership form shall list the name, address, and phone number of the authorized ranch contact, the ranch's enrolled acreage and the qualifying deeded and leased acres for which allocations of licenses and authorizations will be based upon. It shall provide the opportunity to appeal the listed acreage and allow for the authorized ranch contact to notify the department of appropriate changes. If changes include the addition or reduction of deeded or leased acreage, a new property boundary map must be submitted with the form. The agreement portion of the form shall set out the terms for participation.

(c) The agreement and affidavit of ownership form must be signed and initialed where designated and returned to the department via hand delivery or post marked no later than February 1 each year. Failure to meet these requirements shall result in the ranch being placed on review until the following year. If circumstances beyond the control of the authorized ranch contact or a documented family emergency, sickness or death, resulted in this deadline being missed, the department may accept completed agreement and affidavit of ownership forms through March 1.

(d) If the department determines there has been a breach of the terms set forth in the agreement, false representation of a ranch's deeded or leased acreage, rightful ownership, or legal representation of a ranch, the department shall immediately inactivate the ranch, void all unconverted authorizations issued to the ranch, and the owner or authorized ranch contact shall be subject to the processes set forth in 19.31.2 NMAC.

(e) After 2 years of non-receipt of the agreement and affidavit of ownership, the department shall inactivate the respective ranch until a new initial application has been submitted by the following February 1 deadline.

(f) Properties that are sold or transferred to new ownership must re-apply as required for initial enrollment by the February 1 deadline. The previous owner must report any reduction in acreage resulting from sale or transfer on their annual affidavit of ownership and provide an updated

property boundary map documenting the acreage reduction. Properties or portions of properties that have been reported by the previous owner as sold or transferred shall be considered inactive until the new owners submit an initial application.

(g) The department may make reasonable accommodations in circumstances where transfer of ownership occurs after the February 1 deadline.

(h) All enrolled ranches that the department determines do not meet minimum qualifying acreage requirements for participation shall be sent written or e-mail notice.

C. The department shall establish properties enrolled as draw only ranches which will consist of 100% leased state land, federal or other public lands that offer reasonable pronghorn antelope hunting opportunity with legal public access to those lands. These properties shall be subject to the minimum qualification requirements as found in 19.30.12.9 NMAC.

D. If a landowner represents or permits the false representation of the property's enrolled private acreage, or breaches or violates the conditions of any A-PLUS hunting agreement with the department, the landowner will be inactivated from further participation in A-PLUS and any other department sponsored private land program for a period of up to 3 years. The landowner shall be notified via certified mail upon the department's determination that a violation or breach has occurred. The landowner may request a hearing that shall be held in accordance with the processes set forth in 19.31.2.13 NMAC (without reference to points) through Subsection A of 19.31.2.22 NMAC.

[19.30.12.8 NMAC - N, 4-1-11]

19.30.12.9 DISTRIBUTION OF PRONGHORN AUTHORIZATIONS AND DRAW LICENSES TO QUALIFYING RANCHES:

A. The department shall determine the acreage of pronghorn habitat within each GMU.

B. The department shall base the number and kind of hunting authorizations and licenses by bag limit and weapon type available in each GMU based upon sustainable harvest as outlined in the department's pronghorn antelope management plan.

C. The number of any legal weapon and muzzleloader pronghorn mature buck hunting authorizations and licenses per ranch shall be set as follows.

(1) A ranch's total acreage of pronghorn habitat divided by the unit's enrolled acreage of pronghorn habitat equals the percent qualifying acreage for that ranch.

(2) The percent qualifying

acreage for that ranch multiplied by the total remaining mature buck authorizations and licenses to be issued in the GMU equals the total allocation for that ranch.

(a) The total allocation multiplied by the percentage of qualifying private land acreage of the ranch equals the number of private land authorizations to issue per ranch.

(b) The total allocation multiplied by the percentage of qualifying public land acreage of the ranch equals the number of public draw pronghorn hunting licenses per ranch. These public licenses drawn will be any legal weapon or muzzleloader and the public hunters will be assigned to ranches to hunt.

D. Female/immature male (F-IM) authorizations and licenses will be issued within GMUs with sufficient populations to provide additional hunting opportunity. This allocation will be to appropriate public and private lands based on harvest objectives of the GMU and the percentage of qualifying public and private land acreage.

E. A portion of total annual any legal weapon or muzzleloader authorizations and licenses not to exceed 10% from each GMU may be held by the department for the purpose of addressing special management circumstances or properties as determined by the area chief.

F. All licenses issued pursuant to this section shall be ranch-only and valid only within the boundaries of the enrolled ranch on the first day of the hunt as defined in Subsection A of 19.31.15.13 NMAC and shall be valid within the assigned GMU for the remainder of the hunt period. All authorizations issued pursuant to this section shall be ranch-only and valid only within the boundaries of the enrolled ranch.

G. All pronghorn authorizations issued pursuant to this section are valid for any available hunt code with a lesser weapon type within the GMU the authorization was issued.

H. All qualifying ranches who are assigned public draw hunters shall be issued one authorization valid for a free pronghorn license pursuant to 17-3-14 NMSA 1978.

[19.30.12.9 NMAC - N, 4-1-11]

19.30.12.10 LANDS OUTSIDE THE CORE PRONGHORN MANAGEMENT AREA:

The department may issue authorizations and licenses to properties that lie outside designated pronghorn habitat or open GMUs where pronghorn antelope exist within sufficient population levels to provide hunting opportunities within sustainable harvest objectives. The area chief shall issue authorizations or licenses at a ratio equal to

the private and public land acreage of the ranch.

[19.30.12.10 NMAC - N, 4-1-11]

19.30.12.11 SPECIAL MANAGEMENT PROPERTIES: In all GMUs, the department may treat specifically identified properties as special management properties and allocate authorizations and licenses to these properties based upon unique contributions to department pronghorn management goals. Landowners that elect to participate pursuant to this section shall be required to develop a pronghorn management plan in cooperation with the department that determines hunting opportunity based upon land status and special contributions to pronghorn. Landowners that elect to participate pursuant to this section shall be ineligible for any appeal process.

[19.30.12.11 NMAC - N, 4-1-11]

19.30.12.12 LANDOWNER RIGHT TO APPEAL:

A. Landowners shall have the right to appeal only the following:

(1) The number of qualifying acres of pronghorn habitat.

(2) A decision by the department that a property does not meet the minimum requirements to participate.

B. Appeals for newly enrolling properties that are based upon failure to meet the minimum requirements to participate shall be submitted to the department in writing and post marked no later than April 1.

C. The department may take the necessary amount of time needed to properly consider any appeals.

D. In all cases of appeal, the landowner shall be responsible for providing the appropriate documentation required substantiating the claim.

E. All appeals shall be made to the respective area chief.

[19.30.12.12 NMAC - N, 4-1-11]

19.30.12.13 DEPARTMENT RIGHT TO REQUEST UPDATED DOCUMENTATION AND CONDUCT AUDITS.

The department reserves the right to request the submission of verifiable documentation that substantiates fulfillment of the minimum requirements to participate. Each request shall be written and shall include a reasonable time for compliance. Any failure to comply with the request for documents shall result in the property being inactivated and removed from participating in A-PLUS during the current license year. If the landowner wishes to participate again, they will be required to reapply the following license year pursuant to the enrollment process as outlined under Subsection B of 19.30.12.8 NMAC.

19.31.11.7 DEFINITIONS:

A. "Arrows" shall mean only those arrows or bolts having broadheads with steel cutting edges.

B. "Baiting" shall mean the placing, exposing, depositing,

distributing, or scattering of any salt, grain, scent or other feed on or over areas where hunters are attempting to take bear or cougar.

C. "Bear entry hunt" shall mean the valid official document containing a carcass tag and harvest reporting instructions awarded through a public drawing for hunting bear. This valid official permit shall entitle the holder of a bear license to hunt where hunter numbers are limited by rule.

D. "Bear license" shall mean a valid official document that is issued or approved by the director that each person that is hunting bear in New Mexico must have or obtain prior to hunting.

E. "Bear zones" as used herein, shall define hunt areas consisting of one or more game management units as documented in the state game commission's rule 19.30.4 NMAC Boundary Descriptions for Wildlife Management Areas.

F. "Bow" shall mean compound, recurve, or long bow. Sights on bows shall not project light nor magnify.

G. "Cougar license" shall mean a valid official document that is issued or approved by the director that each person that is hunting cougar in New Mexico must have or obtain prior to hunting.

H. "Cougar zones" as used herein, shall define hunt areas consisting of one or more game management units as documented in the state game commission's rule 19.30.4 NMAC Boundary Descriptions for Wildlife Management Areas.

I. "Crossbow" shall mean a device with a bow limb or band of flexible material that is attached horizontally to a stock and has a mechanism to hold the string in a cocked position. Sights on crossbows shall not project light nor magnify.

J. "Department" shall mean the New Mexico department of game and fish.

K. "Director" shall mean the director of the New Mexico department of game and fish.

L. "Game management unit" or "GMU" shall mean those areas as described in the state game commission's rule 19.30.4 NMAC Boundary Descriptions for Wildlife Management Areas.

M. "Hunter designee" shall mean a person given a written statement by the properly licensed hunter who lawfully killed and possessed the bear or cougar. A written statement consists of: the kind and number of bear and cougar, the date and game management unit of where the bear or cougar was lawfully taken, the hunter's name, address, and license number under which the bear or cougar was lawfully killed, and the date and place where written statement was given.

N. "License year" shall mean the period from April 1 through March

31.

O. “Modern firearms” shall mean center-fire firearms, not to include any fully automatic firearms. Legal shotguns shall be only those shotguns capable of being fired from the shoulder.

P. “Muzzle-loader” or “muzzle-loading firearms” shall mean those rifles and shotguns in which the charge and projectile are loaded through the muzzle. Only blackpowder, Pyrodex or equivalent blackpowder substitute may be used. Use of smokeless powder is prohibited. Legal muzzle-loader shotguns shall be only those shotguns capable of being fired from the shoulder.

Q. “Unlimited” shall mean there is no set limit on the number of permits or licenses established for the described hunt areas.

R. “Web site” shall refer to accessing the department’s internet address.

S. “Wildlife management areas” or “WMAs” shall mean those areas as described in the state game commission’s rule 19.30.4 NMAC Boundary Descriptions for Wildlife Management Areas. [19.31.11.7 NMAC - Rp, 19.31.11.7 NMAC, 4-1-11]

19.31.11.8 A D J U S T M E N T OF LICENSES, PERMITS, AUTHORIZATIONS, AND HARVEST LIMITS:

A. The director, with the verbal concurrence of the chairman or his designee, may adjust the number of licenses, permits or harvest limits, up or down by no more than 20% within the GMU or zone, to address critical department management needs, significant changes in population levels or habitat availability. This adjustment may be applied to any or all of the specific hunt codes, harvest limits, or sustainable total mortality for bear and cougar. The director, with the verbal concurrence of the chairman or his designee, may also modify the season dates and manner and method of take to facilitate target removals or embedded quotas for cougars and bears in specific areas or zones for ungulate protection or conflict minimization in densely populated residential areas.

B. The department, with the verbal concurrence of the chairman or his designee, may take management actions independent of seasons, harvest limits or female sub-limits for management of populations or to address critical situations including ungulate population protection, depredation, and issues involving human health and safety. The decision to take management actions pursuant to this subsection shall be reported to the commission within 48 hours.

C. The previous year’s harvest data and management implications

shall be presented to the commission at a regularly scheduled state game commission meeting by August of each year. The results of this annual review shall be made available to the public at least 30 days prior to presentation at a regularly scheduled and noticed commission meeting.

19.31.11.9 BEAR AND COUGAR LICENSE APPLICATION REQUIREMENTS AND RESTRICTIONS:

A. One license per year: It shall be unlawful for anyone to hold more than one permit or license for any bear or cougar during the current license year unless otherwise allowed by rule.

B. Validity of license or permit: All bear entry permits or licenses shall be valid only for the specified dates, eligibility requirements or restrictions, legal sporting arms, bag limit and area specified by the hunt code printed on the permit, license, or carcass tag. Over-the-counter bear licenses shall be valid only for the specified dates, eligibility requirements or restrictions, legal sporting arms, bag limit and area specified by rule or regulation. Over-the-counter cougar licenses shall be valid only with concurrent possession of a cougar identification course number as described in 19.31.11.9.G and for the specified dates, eligibility requirements or restrictions, legal sporting arms, bag limit and area specified by rule or regulation.

C. Valle Vidal (as described in 19.30.4.11 NMAC): It shall be unlawful to hunt bear on the Valle Vidal except for properly licensed bear hunters that possess a Valle Vidal elk hunting muzzleloader, bow, or rifle license and only during the dates of the elk hunt specified and successful applicants for the Valle Vidal and Greenwood Area bear entry permit.

D. Bear entry hunt: It shall be unlawful to hunt bear in designated wildlife management areas or other specifically designated special entry hunt areas without having a valid bear entry permit and a valid bear license in the hunter’s possession. Bear entry hunters shall be allowed to hunt in any other open bear hunt provided they have a valid bear license and tag. No more than one person may apply under each application number for bear entry permits.

E. License purchase: Cougar hunters must purchase a cougar license at least two days prior to hunting cougar. Bear hunters must purchase a bear license at least two days prior to hunting bear.

F. Youth only (YO) hunts: It shall be unlawful for anyone to participate in youth only (YO) hunts except

as allowed by 19.31.3.11 NMAC.

G. Mandatory cougar identification course: It shall be unlawful to hunt cougars without carrying a department issued alpha-numeric number which shall be proof of successful completion of the mandatory cougar identification course as offered on the department’s website.

H. Private land cougar permit: A private land cougar permit shall be required prior to taking any cougar on private land using traps or snares. This permit will authorize the take of cougar on private land or deeded land only.

[19.31.11.9 NMAC - Rp, 19.31.11.9 NMAC, 4-1-11]

19.31.11.10 BEAR AND COUGAR MANNER AND METHOD REQUIREMENTS AND RESTRICTIONS:

A. Season and hours: Bear or cougar may be hunted or taken only during open seasons and only during the period from one-half hour before sunrise to one-half hour after sunset and only in zones or areas designated as open on the department hotline or web-site. Twenty-four hours prior to hunting bear or cougar, every hunter or hunter’s designee must call the toll free number designated by the department or access the department’s web site, www.wildlife.state.nm.us to determine if their desired hunt zone is open. Failure to call or check prior to hunting is unlawful. Cougar and bear seasons in each zone with a stable or increasing management objective will close within 72 hours of when the number of cougars or bears harvested, in addition to all other known mortalities or removals, is within 10% of the female sub-limit, or 10% of the sustainable mortality limit for that zone, whichever occurs first. Cougar and bear seasons in each zone with a decrease management objective will remain open until the female sub-limit or sustainable mortality limit for that zone is reached, whichever occurs first.

B. Bag limit: It is unlawful for any person to hunt for or take more than one of any bear or cougar during a current license year unless otherwise provided by regulation.

C. Tagging:
(1) Any license that permits the taking of any bear or cougar shall be issued with a bear or cougar tag bearing the name of the species.

(2) It shall be unlawful to possess more than one tag per bear or cougar except as permitted by regulation.

(3) It shall be unlawful for any licensee to fail to appropriately tag the bear or cougar as prescribed below:

(a) Immediately after killing any bear or cougar, the licensee killing the bear or cougar shall notch the proper day and

month of kill from the bear or cougar tag.

(b) The tag shall be attached to the carcass or the pelt, whichever portion the hunter possesses of the bear or cougar and the tag shall remain attached to the carcass or pelt while the carcass or pelt is in any vehicle, left unattended in the field, or while it is in camp or at a residence or other place of storage. When the bear or cougar is skinned, the tag must immediately be attached and remain attached to the pelt until a department official places a pelt tag on the pelt as described below. The notched tag may be removed from the carcass while the carcass is being removed from the field to a camp or vehicle. In situations where numerous trips are required to remove the carcass from the field, the tag shall remain attached to that portion of the carcass or pelt left in a camp or vehicle.

(4) A bear or cougar tag, when attached to the carcass or pelt of legally killed bear or cougar, shall authorize possession of the carcass or pelt for five days. The hunter harvesting the bear or cougar must make arrangements with a department official to pelt tag the pelt before the five days expires.

D. Proof of sex of bear or cougar: It shall be unlawful for anyone to transport or possess the pelt (even if the pelt is attached to the carcass) of bear or cougar without proof of sex. The external genitalia of any bear or cougar killed shall remain attached to the pelt and be readily visible until pelt has been inspected and tagged by a department official.

E. Bear and cougar pelt tagging requirements:

(1) Any bear or cougar killed shall be tagged with pelt tag furnished free of charge by the department.

(2) The hunter who kills the bear or cougar or his hunter designee must present the skull and pelt to a department official for tooth removal and pelt tagging within five days of killing the animal or before the pelt can be processed by a taxidermist or before taking the pelt out of New Mexico, whichever comes first. Exception: only skulls of female cougars will have a tooth removed by a department official.

(3) The pelt tag shall remain attached until the pelt is tanned.

(4) The skull of the bear or female cougar must remain unfrozen with the mouth fixed open for removal of a premolar tooth until the skull has been inspected by a department official.

(5) Licensed bear or cougar hunters who provide false or fraudulent information regarding the required information including, but not limited to, sex, date, or location of harvest shall be assessed 20 revocation points pursuant to 19.31.2 NMAC.

F. Seizure: Any conservation officer or other officer authorized to enforce game laws and regulations shall seize the carcasses or pelts of bear or cougar that are improperly tagged, presented for pelt tagging without proof of sex attached or without presenting the skull along with the pelt.

G. Use of dogs in hunting: Dogs may be used only to hunt bear and cougar during specific open seasons unless otherwise restricted. Dogs shall not be used to pursue bear in any wildlife management area (WMA) as described in 19.30.4 NMAC except as otherwise permitted in regulation. No dogs shall be used to pursue bear during bow seasons. Dogs may be used to pursue bears during hunts for any legal weapon and zones listed below. When dogs are used in pursuit of bear or cougar, the licensed hunter intending to harvest the bear or cougar must be present continuously once any dog is released. It shall be unlawful to release dogs with the intent of pursuing or hunting bears or cougars or to pursue bears or cougars outside of legal shooting hours.

H. Use of baits or scents: It shall be unlawful for anyone to take or attempt to take any bear or cougar by use of baits or scents as defined in 19.31.10.7 NMAC. Scent masking agents on one's person are allowed.

I. Live animals: It shall be unlawful to use live animals as a blind or decoy in taking or attempting to take any bear or cougar.

J. Use of calling devices: It shall be unlawful to use any electrically or mechanically recorded calling device in taking or attempting to take any bear, such calling devices are allowed for taking cougar.

K. Killing out-of-season: It shall be unlawful to kill any bear or cougar out of their respective hunting seasons.

L. Bullets: It shall be unlawful to take or attempt to take bear or cougar by the use of tracer ammunition or any ammunition loaded with full metal jacketed bullets that does not expand or mushroom. Soft-nosed or hollow-pointed bullets may be used in hunting or taking bear or cougar.

M. Drugs and explosives: It shall be unlawful to use any form of drug on an arrow or use arrows driven by explosives.

N. Legal weapon types for bear and cougar are as follows: any center-fire rifle; any center-fire handgun; shotguns not smaller than 28 gauge, firing a single slug; muzzle-loading rifles; bows and arrows; and crossbows and bolts. The Sandia ranger district portion of the Cibola national forest in zone 4 shall be open for hunting with crossbow and bow only.

O. Areas closed to bear and cougar hunting: The following areas shall remain closed to bear and cougar hunting, except as permitted by regulation: Sugarite canyon state park; Rio Grande wild and scenic river area, including the Taos valley overlook; all wildlife management areas including the Water canyon and Marquez WMAs in GMU 9 (Marquez is open only to hunters with valid bear entry permit and bear hunting license); the Valle Vidal area; and sub-unit 6B (Valles Caldera national preserve). Cougar hunting is closed in the Florida mountains hunt area during any open Persian ibex season, except by legal Persian ibex hunters. Persian ibex hunters choosing to hunt cougar under this provision must adhere to the weapon type restriction and season dates as specified by their ibex license.

P. The size and type of traps or snares or other reasonable methods that assist the take of cougars on private land will be allowed as designated by the director and chairman of the state game commission.

Q. Any take of cougar on public land by the use of traps or snares shall be unlawful.

* Experimental spring bear hunt: This hunt is designed to test the effects of spring bear take on the mortality of elk calves in the Valle Vidal and Greenwood areas. This hunt shall close once 15 bears have been harvested.

C. Bear hunting is closed in the Valle Vidal and Greenwood areas except by legal Valle Vidal and Greenwood area elk hunters or successful applicants for bear entry hunts BER-1-105 and BER-1-106. Dogs are permitted for BER-1-105 and BER-1-106. Valle Vidal and Greenwood area elk hunters choosing to hunt bears under this provision must adhere to the weapon type restriction and season dates specified by their elk license.

D. Bears taken from the Sargent and William A. Humphries WMAs in zone 1, Elliot Barker/Colin Neblett WMAs and Valle Vidal and Greenwood areas in zone 2, or Marquez WMA in zone 3 shall count towards the harvest limit in those zones. Bears removed by department management action will count against that zone's harvest limit. Bears relocated to other zones and harvested in the zone of release during that fall's hunt season will count against the zone of origin and not the zone where released. If a relocated bear is harvested in a subsequent year, the harvest counts as a normal kill in the zone of harvest.

E. Bag limit shall be one bear except any female accompanied by cub(s), or except any cub less than a year old.

19.31.11.12 COUGAR HUNTING SEASONS:

A. Over the counter cougar hunt seasons shall be from October 1 through March 31 or until the total mortality limit, or female sub-limit, whichever comes first, is met in any given cougar management zone. On private lands the season shall run from April 1 through March 31 or until the total mortality limit, or female sub-limit, whichever comes first, is met in any given cougar management zone.

B. Private landowners or their designees who hunt on private land must obtain a private land cougar permit prior to trapping or snaring a cougar on private land. It shall be unlawful for any private land cougar hunter to take a cougar contrary to the allowable manner and method including traps and snares.

C. The following table lists cougar zones, open GMUs or areas within zones, weapon type restrictions, season dates, total mortality limits and female sub-limits for the 2011-15 seasons. Management objectives include increasing cougar populations in zones A, B,

E, I, J, M, N, O, P, Q and R, by harvesting at $\leq 17\%$ and no more than 30% females and to maintain stable or decrease cougar populations in zones C, D, F, G, H, K, L, and S by harvesting at $\leq 25\%$ and no more than 50% females.

19.31.11.13 - 19.31.11.14 [RESERVED]

19.31.11.15 PROCEDURES FOR CONDUCTING COUGAR DEPREDATION CONTROL IN OCCUPIED BIGHORN SHEEP RANGES:

A. The department shall investigate all bighorn sheep deaths to determine if cougar depredation has occurred. To determine cougar depredation, a field examination and a standardized necropsy of the dead bighorn sheep shall be completed by a department employee or contractor.

B. Should it be determined that a depredation has occurred, the following procedures will be used.

(1) The department will make an evaluation of the following: viability of the statewide bighorn population, review of long-term and recent data on the local population (or meta-population), review of data on recent predation, alternative management options such as habitat manipulation or transplants, feasibility of taking the offending animal(s), effects on the predator population, and feasibility of having a positive effect on the local bighorn population.

(2) The wildlife management division and the appropriate area operations office will be contacted.

(3) A permit for the taking of each depredating cougar(s) will be issued to the local district wildlife officer. Physical possession of the permit is not required to initiate action.

(4) A decision to hound hunt or snare will be based on evidence at the kill site.

(5) If the bighorn sheep kill is fresh enough that the cougar may return or is likely to still be in the immediate area, the department will attempt to get a hound-hunter or trapper to begin hunting the cougar(s) the same day the bighorn carcass is discovered.

(6) The size of the hunted area will be determined from the sex and, in some cases, number of cougars (i.e. female with kittens) involved in the bighorn kill.

(7) Where possible, cougar feces shall be taken at the scene of the depredation and tissue samples from the cougar killed by the hunter(s) will be collected. Deoxyribonucleic acid (DNA) testing will be performed to determine if the scat and tissue samples are from the same cougar.

[19.31.11.15 NMAC - Rp, 19.31.11.15 NMAC, 4-1-11]

19.31.11.16 DURATION OF DEPREDATION CONTROL PROGRAMS: The duration of the special permit to take depredating cougars shall be for no more than six weeks from the onset to the end of the measures taken. An evaluation and justification for extension of the permit shall be written before measures will continue beyond 6 weeks.

[19.31.11.16 NMAC - Rp, 19.31.11.16 NMAC, 4-1-11]

19.31.11.17 PROCEDURES FOR CONDUCTING PREVENTIVE COUGAR CONTROL IN BIGHORN SHEEP RANGES:

A. The New Mexico department of game and fish may conduct preventive cougar control within bighorn sheep ranges.

B. The total number of cougars removed per license year from any zone containing bighorn ranges will not exceed the sustainable mortality limit for that zone unless approved pursuant to 19.31.11.8 NMAC.

C. The department will obtain the services of houndsmen or trappers either from the department's depredation list or through

private contract.

D. A decision to hunt with hounds or to use snares will be made by the department.

E. All cougars taken for preventive control will be reported to the department.

F. The department will provide a program evaluation update to the commission no later than December biennially beginning in December 2010.

C. "Baiting" shall mean the placing, exposing, depositing, distributing, or scattering of any salt, grain, scent or other feed on or over areas where hunters are attempting to take deer.

D. "Bow" shall mean compound, recurve, or long bow. Sights on bows shall not project light nor magnify.

E. "Crossbows" shall mean a device with a bow limb or band of flexible material that is attached horizontally to a stock and has a mechanism to hold the string in a cocked position. Sights on crossbows shall not project light nor magnify.

F. "Deer" shall mean all or any deer species found in New Mexico.

G. "Deer license" shall mean a valid official document that is issued or approved by the director that each person hunting deer in New Mexico must have or obtain prior to hunting.

H. "Deer enhancement program" as used herein, shall mean the department activity that allows the issuance of not more than two permits for the taking of one buck deer per permit with the purpose of raising funds for programs and projects to benefit deer.

I. "Department" shall mean the New Mexico department of game and fish.

J. "Director" shall mean the director of the New Mexico department of game and fish.

K. "ES" or "either sex" shall mean any one animal of the species.

L. "FAD" or "forked antlered deer" shall mean a deer possessing antlers, one of which shall have a definite fork showing two or more distinct points. A burr at the base does not constitute a point or fork.

M. "FAMD" or "forked antlered mule deer" shall mean a mule deer possessing antlers, one of which shall have a definite fork showing two or more distinct points. A burr at the base does not constitute a point or fork.

N. "FAWTD" or "forked antlered white-tailed deer" shall mean a white-tailed deer possessing antlers, one of which shall have a definite fork showing two or more distinct points. A burr at the base does not constitute a point or fork.

O. "Game management unit" or "GMU" shall mean those areas as described in the state game commission's

rule 19.30.4 NMAC Boundary Descriptions for Wildlife Management Areas.

P. "High demand hunt" is hereby defined as a special draw hunt where the total number of non-resident applicants for a deer hunt in each unit exceeds 22% of the total applicants based upon data for the two immediately preceding years.

Q. "License year" shall mean the period from April 1 through March 31.

R. "Modern firearms" shall mean center-fire firearms, not to include any fully automatic firearms. Legal shotguns shall be only those shotguns capable of being fired from the shoulder.

S. "Muzzle-loader" or "muzzle-loading firearms" shall mean those rifles and shotguns in which the charge and projectile are loaded through the muzzle. Only black powder, Pyrodex or equivalent black powder substitute may be used. Use of smokeless powder is prohibited. Legal muzzle-loader shotguns shall be only those shotguns capable of being fired from the shoulder.

T. "Private land-only deer license" shall mean the valid official document containing a carcass tag and harvest reporting instructions for hunting deer on private deeded land during designated private land-only hunts. This license shall entitle the holder to hunt deer only on private deeded land and only for the sporting arms type, hunt period, and GMU for which it is validated.

U. "Public draw license" shall mean the valid official document containing a carcass tag and harvest reporting instructions awarded through a public drawing for hunting deer. This valid official license shall entitle the holder to hunt where hunter numbers are limited by rule.

V. "Quality hunt" is hereby defined as a hunt designed to provide a hunter with an opportunity to achieve one or more of the following: a potential harvest from a wider selection of buck deer, a pleasurable experience based upon timing and length of hunt season, lower hunter density, and an increased opportunity for success.

W. "Restricted muzzle-loading rifle" shall mean any muzzle-loading rifle using open sights, black powder or equivalent and firing a traditional lead bullet. The use of in-line ignition, scopes, pelleted powder, smokeless powder and sabots, including powerbelt-type projectiles, are prohibited.

X. "TBD" or "to be determined" shall mean the details of hunt dates or hunt areas will be provided by the department to the hunter when the designated population management hunt is initiated.

Y. "Unlimited" shall mean there is no set limit on the number of licenses

established for the described hunt areas.

Z. “Web sale” or “web site” shall refer to accessing the department’s internet address.

AA. “Wildlife management areas” or “WMAs” shall mean those areas as described in the state game commission’s rule 19.30.4 NMAC Boundary Descriptions for Wildlife Management Areas.

BB. “ESWTD” or “either sex white-tailed deer” shall mean any one white-tailed deer.

19.31.13.9 DEER LICENSE APPLICATION REQUIREMENTS AND RESTRICTIONS:

A. Hunt code validations:

Whenever a license vendor issues a private land-only deer license, the vendor shall record the hunter’s selected DER hunt code on the license. Valid DER hunt codes are listed in 19.31.13.15 NMAC. Vendors shall not validate private land-only deer licenses with hunt codes for deer hunts on wildlife management areas or for private land hunts in Units 2A, 2B, 2C, 4 or 5A. For GMUs that are private land-only, valid hunt codes are listed in 19.31.13.15 NMAC.

B. Change of validation:

No one other than a department representative may change the hunt code validation marked on any deer license. Such changes must be made on the face of the license using the director’s approved procedures. No changes to the hunt code may be made after the start of the first deer season for which the license is validated. Licenses issued through the draw system are not eligible for validation changes.

C. One deer license per year: It shall be unlawful for anyone to hold more than one license to hunt deer during the current license year unless otherwise specifically allowed by rule.

D. Validity of license:

All deer licenses shall be valid only for the specified dates, eligibility requirements or restrictions, legal sporting arms, bag limit, and area specified by the hunt code printed on the license or carcass tag including

those areas designated as public or private land per a current unitization agreement between the department and U. S. bureau of land management, state land office or other public land holding entity. Over-the-counter licenses shall be valid only for the specified dates, eligibility requirements or restrictions, legal sporting arms, bag limit, and area specified by rule or regulation. Except that a license will be valid on the contiguous deeded land of private property that extends into an adjacent GMU that is open to hunting for deer. This exception shall only apply when the adjacent unit has the same restrictions as to sporting arms type, bag limit, season dates and license availability.

E. Deer hunts: It shall be unlawful for any person:

(1) to hunt with any sporting arms type other than that for which his or her deer license is validated;

(2) to hunt during any season other than that for which his or her deer license is validated;

(3) to hunt in any GMU other than that for which his or her deer license is validated;

(4) to hunt deer on public land in any GMU with a private land-only deer license, except in conjunction with this subsection;

(5) to knowingly hunt private property without possessing a valid deer license; or

(6) to hunt with any license issued originally to another person, except as specifically allowed by rule or law.

F. Mobility impaired (MI) deer hunts: It shall be unlawful for anyone to apply for a mobility impaired (MI) deer license, except as allowed by 19.31.3.11 NMAC.

G. Youth only (YO) deer hunts: It shall be unlawful for anyone to apply for a youth only (YO) deer license except as allowed by 19.31.3.11 NMAC.

H. Military only deer hunts: It shall be unlawful for anyone to apply for a military only deer license except as allowed by 19.31.3.11 NMAC.

I. GMUs 2A, 2B, 2C, 4 and 5A private land-only hunts:

(1) Persons applying for private land-only deer licenses in GMUs 2A, 2B, 2C, 4 and 5A must do so on a special application form that may only be obtained from landowners in these GMUs.

(2) GMU 2A, 2B, 2C, 4 and 5A landowners may be required to provide proof of land ownership to obtain special application forms from the department’s northwest area office in Albuquerque.

(3) For GMU 5A, the department may use input from landowners to develop a process to distribute special application forms to private landowners that provides reasonable and equitable participation

opportunities for landowners.

(4) When applying for private land hunts in GMU 5A, no more than one person may apply on each application form.

19.31.13.10 DEER MANNER AND METHOD REQUIREMENTS AND RESTRICTIONS:

A. Season and hours:

Deer may be hunted or taken only during open seasons and only during the period from one-half hour before sunrise to one-half hour after sunset.

B. Bag limit: It is unlawful for any person to hunt for or take more than one deer during a current license year unless otherwise provided by regulation.

C. Tagging:

(1) Any license that permits the taking of deer shall be issued with a deer carcass tag.

(2) It shall be unlawful to possess more than one deer carcass tag per year, except as specifically permitted by rule.

(3) It shall be unlawful for any licensee to fail to tag the deer as prescribed below:

(a) Immediately after killing any deer; the licensee killing the deer shall notch the proper day and month of kill from the deer tag.

(b) The tag shall be attached to the deer carcass and remain attached while the carcass is in any vehicle, left unattended in the field, or while it is in camp or at a residence or other place of storage. The notched tag may be removed from the carcass while the carcass is being removed from the field to a camp or vehicle. In situations where numerous trips are required to remove the carcass from the field, the tag shall remain attached to that portion of the carcass left in a camp or vehicle.

(4) A deer tag, when attached to the carcass of legally taken deer, shall authorize possession and storage for the period designated on the tag.

D. Seizure: Any conservation officer or other officer authorized to enforce game laws and regulations shall seize any deer carcasses that are improperly tagged.

E. Proof of sex: It shall be unlawful for anyone to transport or possess the carcass of a deer without proof of sex. The antlers of any buck deer taken shall remain attached to the skull plate until arriving at a residence, taxidermist, meat processing place, or place of final storage. The scalp and both ears of female or immature male shall accompany the carcass in the same manner.

F. Use of dogs in hunting: It shall be unlawful to use dogs to hunt deer, except leashed dogs may be used to locate

wounded or dead deer. Hunters must register with the appropriate department area office for the GMU they will be hunting before their hunt begins to use a dog in this manner.

G. Use of baits or scents:

It shall be unlawful for anyone to take or attempt to take any deer by use of baits or scents as defined in 19.31.10.7 NMAC. Scent masking agents on one's person are allowed.

H. Live animals: It shall be unlawful to use live animals as a blind or decoy in taking or attempting to take any deer.

I. Use of calling devices:

It shall be unlawful to use any electrically or mechanically recorded calling device in taking or attempting to take any deer.

J. Killing out-of-season:

It shall be unlawful to kill any deer out of deer hunting season.

K. Bullets: It shall be unlawful to take or attempt to take deer by the use of tracer ammunition or any ammunition loaded with a full metal jacketed bullet. Only soft-nosed or hollow-pointed bullets may be used in hunting or taking deer.

L. Drugs and explosives:

It shall be unlawful to use any form of drug on an arrow or bolt or use arrows or bolts driven by explosives.

M. Legal sporting arms

for deer are as follows: any center-fire rifle; any center-fire handgun; shotguns not smaller than 28 gauge, firing a single slug; muzzle-loading rifles; bows and arrows; and crossbows and bolts.

N. Areas closed to deer hunting: The following areas shall remain closed to deer hunting, except as permitted by regulation: Sugarite canyon state park; Wild Rivers recreation area, the Taos valley overlook; all wildlife management areas; the Valle Vidal area; and sub-unit 6B (Valles Caldera national preserve).

[19.31.13.10 NMAC - Rp, 19.31.13.10 NMAC, 4-1-11]

19.31.13.11 DEER CHRONIC WASTING DISEASE CONTROL:

The director has the authority to designate possession criteria to any deer hunter where chronic wasting disease is a concern. It shall be unlawful to transport dead deer, or their parts, taken from any game management unit or area identified by the director in which the presence of, or possibility of, exposure to chronic wasting disease has been identified, to any location outside that game management unit except for the following parts of deer:

A. meat that is cut and wrapped (either commercially or privately);

B. quarters or other portions of meat with no part of the spinal column or head attached;

C. meat that has been

boned out;

D. hides with no heads attached;

E. clean skull plates with antlers attached; clean is defined as having been immersed in a bath of at least one part chlorine bleach and two parts water with no meat or tissue attached;

F. antlers with no meat or tissue attached;

G. upper canine teeth, also known as "buglers," "whistlers," or "ivories;"

H. finished taxidermied heads.

19.31.13.12 DEER QUALITY HUNTS: Quality hunts for deer are as follows:

A. all hunts in game management sub-unit 2C;

B. the third center fire rifle hunt in sub-unit 2B;

C. all hunts in game management unit 17;

D. all hunts in game management sub-unit 5B;

E. all hunts in the Burro mountains hunt area of the Gila national forest in game management unit 23;

F. all hunts in game management unit 27;

G. all hunts in game management unit 33;

H. all hunts in game management unit 41;

I. the January bow hunts in game management sub-unit 2B;

J. all private land deer conservation incentive hunts;

K. the November bow hunt in Sugarite canyon state park; and

L. all hunts on the Humphries/Rio Chama WMAs.

19.31.13.13 SPECIAL DEER HUNTING OPPORTUNITIES:

A. Deer habitat enhancement program:

(1) Program description: The director of the department shall collect all proceeds generated through the auction and lottery of special deer permits, and such monies shall be deposited in the game protection fund. These monies shall be made available for expenditure by the department solely for programs and projects to benefit deer and for direct costs appropriated from existing funds available to the department for the preservation, restoration, utilization, and management of deer. Deer enhancement licenses or permits shall be valid from September 1 through January 31, for any

legal sporting arms, for each license year. These licenses or permits shall be valid statewide, including department WMAs where hunting is allowed. The bag limit shall be one buck deer. The hunt code shall be DER-1-400. Licenses or permits may be used either by the applicant or any individual of the selected applicant's choice through sale, barter, or gift.

(2) Requirements for issuance of special deer permits:

(a) The state game commission shall authorize the director of the department to issue not more than two special deer permits in any one license year to take one buck deer per permit. The director shall allow the sale of one permit through auction to the highest bidder and one permit to a person selected through a random drawing for the holder of a lottery ticket by the department or by an incorporated, nonprofit organization dedicated to the conservation of deer.

(b) Proposals for auctioning one special deer permit and the sale of lottery tickets to obtain one special deer permit through a random drawing shall be submitted to the director of the department prior to January 31, preceding the license year when the permit may be legally used.

(c) The proposals for auctioning the special deer permit and the sale of lottery tickets and subsequent selection of a recipient for a second permit through a random draw shall each contain and identify: (i) the name of the organization making the request as well as the names, addresses and telephone numbers of those members of the organization who are coordinating the proposal; (ii) the estimated amount of money to be raised and the rationale for that estimate; and (iii) a copy of the organization's articles of incorporation with a letter attesting that the organization has tax-exempt status. The letter must also affirm that the proponent agrees to the conditions set forth by the director of the department. The letter must be signed and dated by the president and secretary-treasurer, or their equivalents.

(d) The director of the department shall examine all proposals following the close of the application period. The director may reject any application which does not conform to the requirements of this section. In selecting a marketing organization, the director shall consider the qualifications of the organization as a fund raiser; the proposed fund raising plan; the fee charged by the marketing organization for promotional and administrative costs, relative to the funds obtained from auctioning the permit; and the organization's previous involvement with deer management and its conservation objectives. The director may accept any proposal when it is in the best interest of deer to do so.

(e) After a proposal has been

approved, the state game commission shall establish open season dates, open areas, and license requirements.

(f) The marketing organization must agree in writing to the following: (a) to transfer all proceeds on or before the tenth day of the month following the auction and drawing for the lottery, and (b) to provide the department with the names, addresses, and the physical descriptions of the individuals to whom the special deer permits are issued.

(g) The department and the marketing organization must agree to the arrangements for the deposit of the proceeds, payment for services rendered, the accounting procedures, and final audit.

(h) Unless his or her hunting privileges have been revoked pursuant to law, any resident of New Mexico, nonresident, or alien is eligible to submit a bid for the special deer lottery permit.

(i) The special deer permits issued through auction and lottery may be transferred through sale, barter or gift by the successful individuals to only other individuals qualified to hunt.

(j) Special deer permits granted through auction or lottery, as described above, shall not be considered ‘once-in-a-lifetime’ permits.

B. Deer incentive programs:

(1) **Internet harvest reporting incentive:** The director may annually allow up to two deer authorizations to be issued by drawing to elk and deer hunters reporting their prior year’s harvest information as well as trappers reporting their trapping activities by the published deadline using the department’s established website. These incentives may also be available for deer and elk hunters submitting their legally harvested animal for CWD testing. Authorization certificates awarded pursuant to this rule may be transferred through sale, barter, or gift. Deer incentive hunts shall be valid only for the dates, legal sporting arms, bag limit, and area specified by the director.

(2) **Private land deer conservation incentive program:** Private landowners who are conducting significant habitat and management improvements on their deeded lands that significantly benefit deer may submit a deer conservation and management report, subject to review and approval by the department. Upon department approval of the report, the department may offer the landowner various incentives based on the degree of benefit to deer. The incentives may include extended or alternative season dates, or alternate bag limits as approved by the department. The hunt code for any unique hunt season approved pursuant to this program shall be DER-1-600.

[19.31.13.13 NMAC - Rp, 19.31.13.13 NMAC, 4-1-11]

19.31.13.14 DEER POPULATION MANAGEMENT HUNTS:

A. The respective area chief may authorize population management hunts for deer when justified in writing by department personnel.

B. The respective area chief shall designate the sporting arms, season dates, season lengths, bag limits, hunt boundaries, specific requirements or restrictions, and number of licenses. No qualifying license holder shall take more than one deer per license year.

C. Application may be made on-line or through the special hunt application form provided by the department. On-line applications must be submitted by the deadline date set by the department. Application forms postmarked by the deadline date will be accepted up to five working days after the deadline date.

D. Applications for licenses may be rejected, and fees returned to an applicant, if such applications are not on the proper form or do not supply adequate information.

E. In the event that an applicant is not able to hunt on the dates specified, the applicant’s name shall be moved to the bottom of the list and another applicant may be contacted for the hunt.

F. In those instances where a population management hunt is warranted on deeded private lands, the landowner may suggest eligible hunters of their choice by submitting a list of prospective hunter’s names to the department for licensing consideration. No more than one-half of the total number of licenses authorized shall be available to landowner identified hunters. The balance of prospective hunters shall be identified by the department.

19.31.15.7 DEFINITIONS:
A. “Antelope private land use system” or “A-PLUS” shall mean the

program in which the director may issue authorization certificates or numbers to private lands whose owners, manager, or lessees sign and return a hunting agreement with the department.

B. "Arrows" shall mean only those arrows or bolts having broadheads with steel cutting edges.

C. "Baiting" shall mean the placing, exposing, depositing, distributing, or scattering of any salt, grain, scent or other feed on or over areas where hunters are attempting to take pronghorn antelope.

D. "Bow" shall mean compound, recurve, or long bow. Sights on bows shall not project light nor magnify.

E. "Crossbows" shall mean a device with a bow limb or band of flexible material that is attached horizontally to a stock and has a mechanism to hold the string in a cocked position. Sights on crossbows shall not project light nor magnify.

F. "Department" shall mean the New Mexico department of game and fish.

G. "Director" shall mean the director of the New Mexico department of game and fish.

H. "ES" or "either sex" shall mean any one pronghorn antelope.

I. "Entry permit" shall entitle the holder of a valid official license to hunt where hunter numbers are limited by rule.

J. "F-IM" or "female or immature pronghorn antelope" shall mean a pronghorn antelope without horns or with both horns shorter than its ears.

K. "Game management unit" or "GMU" shall mean those areas as described in the state game commission's rule 19.30.4 NMAC Boundary Descriptions for Wildlife Management Areas.

L. "License" shall mean a valid official document that is issued or approved by the director that each person hunting pronghorn antelope in New Mexico must have or obtain prior to hunting.

M. "License year" shall mean the period from April 1 through March 31.

N. "MB" or "mature buck pronghorn antelope" shall mean a pronghorn antelope with at least one horn longer than its ears.

O. "Modern firearms" shall mean center-fire firearms, not to include any fully automatic firearms. Legal shotguns shall be only those shotguns capable of being fired from the shoulder.

P. "Muzzle-loader" or "muzzle-loading firearms" shall mean those rifles and shotguns in which the charge and projectile are loaded through the muzzle. Only black powder, pyrodex or equivalent

black powder substitute may be used. Use of smokeless powder is prohibited. Legal muzzle-loader shotguns shall be only those shotguns capable of being fired from the shoulder.

Q. "Private land authorization certificate or number" shall mean a valid official document that entitles a person to purchase a pronghorn antelope hunting license for specific season dates, weapon types, bag limits, and hunt areas.

R. "TBD" or "to be determined" shall mean the details of hunt dates, license numbers, or hunt areas will be determined by the department.

S. "Unlimited" shall mean there is no set limit on the number of permits or licenses established for the described hunt areas.

19.31.15.8 A D J U S T M E N T OF LICENSES, PERMITS, AUTHORIZATIONS, AND HARVEST LIMITS:

The director, with the verbal concurrence of the chairman or his designee, may adjust the number of licenses, permits, or authorization certificates for pronghorn antelope up or down to address significant changes in population levels or to address critical department management needs. This adjustment may be applied to any or all of the specific hunt codes for pronghorn antelope. The director, with verbal concurrence of the chairman, may consider requests by private landowners for alternative season dates or weapon types to accommodate providing special pronghorn hunting opportunities to children suffering from terminal illnesses or disease on a case by case basis. The director may change or cancel any hunts on military lands to accommodate closures on those lands; provided the subsequent hunts have the same season length and bag limit as assigned on original hunt code.

19.31.15.9 P R O N G H O R N ANTELOPE LICENSE APPLICATION REQUIREMENTS AND RESTRICTIONS:

A. One license per

pronghorn antelope per year: It shall be unlawful for anyone to hold more than one permit or license for pronghorn antelope during a current license year unless otherwise allowed by rule.

B. Validity of license or permit: All pronghorn antelope licenses or authorizations shall be valid only for the specified dates, eligibility requirements or restrictions, legal sporting arms, bag limit and area specified by the hunt code printed on the permit, license, or carcass tag. In GMUs where ranch assignments are made, the license shall be valid only on the assigned ranch.

C. Mobility impaired (MI) hunts: It shall be unlawful for anyone to apply for mobility impaired pronghorn antelope license, except as allowed by 19.31.3.11 NMAC.

D. Youth only (YO) hunts: It shall be unlawful for anyone to apply for a youth only pronghorn antelope license, except as allowed by 19.31.3.11 NMAC.

E. Military only hunts (MO): It shall be unlawful for anyone to apply for a military only pronghorn antelope license, except as allowed by 19.31.3.11 NMAC.

F. Mentor/youth only hunts (M/YO): It shall be unlawful for anyone to apply for a mentor/youth only license, except as allowed by 19.31.3.11 NMAC.

[19.31.15.9 NMAC - Rp, 19.31.15.9 NMAC, 4-1-11]

19.31.15.10 P R O N G H O R N ANTELOPE MANNER AND METHOD REQUIREMENTS AND RESTRICTIONS:

A. Seasons and hours: Pronghorn antelope may only be hunted or taken during open seasons and only during the period from one-half hour before sunrise to one-half hour after sunset.

B. Bag limit: It is unlawful for any person to hunt for or take more than one pronghorn antelope during a current license year unless otherwise provided by regulation.

C. Tagging:
(1) Any license that permits the taking of any pronghorn antelope shall be issued with a tag bearing the species name.

(2) It shall be unlawful to possess more than one tag per pronghorn antelope except as permitted by regulation.

(3) It shall be unlawful for any licensee to fail to tag the pronghorn antelope as prescribed below:

(a) Immediately after killing any pronghorn antelope, the licensee killing the animal shall notch the proper day and month of kill from the species tag.

(b) The tag shall be attached to the

carcass of the killed pronghorn antelope and the tag shall remain attached to the carcass while the carcass is in any vehicle, left unattended in the field, or while it is in camp or at a residence or other place of storage. The notched tag may be removed from the carcass while the carcass is being removed from the field to a camp or vehicle. In situations where numerous trips are required to remove the carcass from the field, the tag shall remain attached to that portion of the carcass left in a camp or vehicle.

(4) A pronghorn antelope tag, when attached to the carcass of legally taken pronghorn antelope, shall authorize possession and storage for the period designated on the carcass tag.

D. Seizure: Any conservation officer or other officer authorized to enforce game laws and regulations shall seize the carcasses of pronghorn antelope that are improperly tagged.

E. Proof of sex of pronghorn antelope: It shall be unlawful for anyone to transport or possess the carcass of any pronghorn antelope without proof of sex until the carcass arrives at a residence, taxidermist, meat processing facility, or place of final storage. The horns of any buck pronghorn antelope taken shall remain attached to the skull. The scalp and both ears of females or immature males of pronghorn antelope shall accompany the carcass in the same manner.

F. Use of dogs in hunting: It shall be unlawful to use dogs to hunt pronghorn antelope, except leashed dogs may be used to locate wounded or dead pronghorn antelope. Hunters must register with the appropriate department area office for the region they will be hunting before their hunt begins to use a dog in this manner.

G. Use of baits or scents: It shall be unlawful for anyone to take or attempt to take any pronghorn antelope by use of baits or scents. Scent masking agents on one's person are allowed.

H. Live animals: It shall be unlawful to use live animals as a blind or decoy in taking or attempting to take any pronghorn antelope.

I. Use of calling devices: It shall be unlawful to use any electrically or mechanically recorded calling device in taking or attempting to take any pronghorn antelope.

J. Killing out-of-season: It shall be unlawful to kill any pronghorn antelope out of their respective hunting seasons.

K. Legal weapon types for pronghorn antelope are as follows: any center-fire rifle; any center-fire handgun; shotguns not smaller than 28 gauge firing a single slug; muzzle-loading rifles bows and arrows; and crossbows and bolts.

L. Areas closed to pronghorn antelope hunting: The following areas shall remain closed to pronghorn antelope hunting, except as permitted by regulation: Sugarite canyon state park; portion of the wild rivers recreation area: an area bounded on the north by the power line from Bear crossing to Red River hatchery, south along the Red river to the confluence of the Rio Grande and north along the Rio Grande to the power lines at Bear crossing is closed to all hunting; including the Taos valley overlook; all wildlife management areas, except the following lesser prairie chicken areas: Black hills east and west; Claudell; Crossroads 1-5; Gallina wells 1, 1A, 1B, and 2-6; Liberty; Marshall; Milnesand; north, south, and east Bluit; Wayside; Antelope flats; Bledsoe; Little Dipper; Pitchfork; Ranger lake; and Sandhills prairie conservation area; the Valle Vidal area; and sub-unit 6B (Valles Caldera national preserve).

19.31.15.11 PRONGHORN ANTELOPE POPULATION MANAGEMENT HUNTS:

A. The respective area chief may authorize population management hunts for pronghorn antelope when justified in writing by department personnel.

B. The respective area chief shall designate the sporting arms, season dates, season lengths, bag limits, hunt boundaries, specific requirements or restrictions, and number of licenses or permits. No qualifying license holder shall take more than one pronghorn antelope per license year.

C. Application may be made on-line or on paper through the special hunt application form provided by the department. On-line applications must be submitted by the deadline date set by the department. Application forms postmarked by the deadline date will be accepted up to five working days after the deadline date.

D. Applications for licenses may be rejected, and fees returned to an applicant, if such applications are not on the proper form or do not supply adequate information.

E. In the event that an applicant is not able to hunt on the dates specified, the applicant's name shall be moved to the bottom of the list and another applicant may be contacted for the hunt.

F. In those instances where a population management hunt is warranted on deeded private lands, the landowner may suggest eligible hunters of their choice by submitting a list of prospective hunter's names to the department for licensing consideration. No more than one-half of the total number of licenses authorized shall be available to landowner identified hunters. The balance of prospective hunters shall be identified by the department.

NEW MEXICO DEPARTMENT OF GAME AND FISH

This is an amendment to 19.30.12 NMAC, Section 9, effective 4-1-2011.

19.30.12.9 DISTRIBUTION OF PRONGHORN AUTHORIZATIONS AND DRAW LICENSES TO QUALIFYING RANCHES:

A. The department shall determine the acreage of pronghorn habitat within each GMU.

B. The department shall base the number and kind of hunting authorizations and licenses by bag limit and weapon type available in each GMU based upon sustainable harvest as outlined in the department's pronghorn antelope management plan.

C. The number of any legal weapon and muzzleloader pronghorn mature buck hunting authorizations and licenses per ranch shall be set as follows.

(1) A ranch's total acreage of pronghorn habitat divided by the unit's enrolled acreage of pronghorn habitat equals the percent qualifying acreage for that ranch.

(2) The percent qualifying acreage for that ranch multiplied by the total remaining mature buck authorizations and licenses to be issued in the GMU equals the total allocation for that ranch.

(a) The total allocation multiplied by the percentage of qualifying private land acreage of the ranch equals the number of private land authorizations to issue per ranch.

(b) The total allocation multiplied by the percentage of qualifying public land acreage of the ranch equals the number of public draw pronghorn hunting licenses per ranch. These public licenses drawn will be any legal weapon or muzzleloader and the public hunters will be assigned to ranches to hunt.

D. Female/immature male (F-IM) authorizations and licenses will be issued within GMUs with sufficient

populations to provide additional hunting opportunity. This allocation will be to appropriate public and private lands based on harvest objectives of the GMU and the percentage of qualifying public and private land acreage.

E. A portion of total annual any legal weapon or muzzleloader authorizations and licenses not to exceed 10% from each GMU may be held by the department for the purpose of addressing special management circumstances or properties as determined by the area chief.

F. All authorizations and licenses issued pursuant to this section shall be ranch-only and valid only within the boundaries of the enrolled ranch [on the first day of the hunt as defined in Subsection A of 19.31.15.13 NMAC and shall be valid within the assigned GMU for the remainder of the hunt period. All authorizations issued pursuant to this section shall be ranch-only and valid only within the boundaries of the enrolled ranch].

G. All pronghorn authorizations issued pursuant to this section are valid for any available hunt code with a lesser weapon type within the GMU the authorization was issued.

H. All qualifying ranches who are assigned public draw hunters shall be issued one authorization valid for a free pronghorn license pursuant to 17-3-14 NMSA 1978.

NEW MEXICO DEPARTMENT OF GAME AND FISH

This is an amendment to 19.31.3 NMAC, Sections 8, 9 and 11 effective 3-15-2011.

19.31.3.8 PUBLIC LICENSES AND PERMITS - APPLICATION FOR:

A. Application form: Application for all public licenses and permits shall be made on the standard application form provided by the department of game and fish.

B. Application deadline(s): Applications for all population reduction hunts, turkey, pronghorn antelope, elk, bighorn sheep, bear entry, deer entry, oryx, javelina, and ibex hunts must be received, in the Santa Fe office only, by 5:00 p.m. on dates set by the state game commission.

C. Mailed application deadline: Mailed applications postmarked, but not delivered by the deadline date, will be accepted by the Santa Fe office up to five (5) working days after that deadline.

D. One applicant per application: No more than one (+) person

may apply under each application number for bighorn sheep, bear entry, ibex, [~~population reduction hunts,~~] game management sub-unit 6B (Valles Caldera national preserve), and GMU 5A private land deer.

E. Two applicants per application: No more than two [(2)] persons may apply under the same application number for turkey and oryx.

F. Four applicants per application: No more than four [(4)] persons may apply under the same application number for deer entry, elk, pronghorn antelope, and javelina.

G. Resident and non-resident application combination: Any mixture or combination of residents and non-residents may make application for special drawing providing the number of applicants does not exceed the restriction of this section (subsection D, E or F).

H. Applications rejected: Applications for licenses may be rejected by the department if an applicant did not:

(1) apply on the proper form as designated by the director;

(2) submit the correct or required information;

(3) submit the correct license or application fee, and any other required fee;

(4) meet the deadline date;

(5) comply with a current statute or rule, or did not submit valid written landowner permission when specified by rule.

I. More applications than permits: If more applications for public licenses or permits are received than there are licenses or permits available, the available licenses or permits shall be allotted by means of a public drawing.

J. Increase in licenses or permits: The number of licenses or permits available may be increased to accommodate corrections or errors by the department which results in the addition of names to the successful list.

K. Additional choices: Applicants for public licenses may designate additional choices for hunt periods.

L. Application categories: Applications for special drawing hunts will be placed into the appropriate categories, as specified in 17-3-16 NMSA 1978 by department personnel or their designee. Special drawings shall continue to draw applicants from the appropriate drawing pool progressively for each respective hunt code, starting with first choice applicants, then proceeding to second and subsequent choice applicants until the quota has been met or the pool of applicants has been exhausted.

M. Resident and non-resident applications:

(1) A non-resident applicant must have a valid outfitter registration number on his or her application to be placed in the

separate pool designed for guided hunts.

(2) For an application to be successfully drawn, there must be a sufficient number of licenses or permits available for that hunt code to accommodate all applicants from their respective drawing pools.

(3) Any licenses left over from the appropriate drawing pool will be allocated as prescribed in Paragraph C of Section 17-3-16 NMSA 1978 Compilation.

N. New Mexico department game and fish customer identification number: All persons making application to the department for hunt drawings for public licenses and permits and private landowner authorizations shall submit on the application a "New Mexico department of game and fish (NMDGF) customer identification number".

(1) "NMDGF customer identification number" shall be obtained only from the department and must be obtained prior to the submission of any application or private landowner authorization.

(2) Each person making application for public drawing license, permit or private landowner authorization must use their own valid NMDGF customer identification number on his or her application.

(3) Any application received without a valid NMDGF customer identification number or false NMDGF customer number will be rejected.

O. Trapper license restriction: The number of trapper licenses shall be unlimited and available only through department offices or the department's web site.

19.31.3.9 PRIVATE LAND - PRONGHORN ANTELOPE AND ELK LICENSES:

A. No application deadline: Private land licenses for elk and pronghorn antelope will be issued without an application deadline.

B. Issuance of licenses: Licenses will be issued, in person or by mail, out of the Santa Fe, Albuquerque, Las Cruces, Roswell, and Raton offices. The amount due for a private land hunting license shall be composed of "landowner authorization certificate" fee, the appropriate "certificate of application" fee as defined in 19.30.9 NMAC and the appropriate license fee as defined in Section 17-3-13 NMSA 1978.

C. Maximum number of licenses: Licenses will be issued only up to the number of authorizations allotted for each ranch and only to persons who submit a properly completed form and the appropriate fees.

D. No authorizations

issued: Authorizations for elk licenses may be issued to landowners in game management units where no core occupied elk range is designated and to landowners whose private property lays outside of the designated core occupied elk range pursuant to Subsection A of 19.30.5.11 NMAC.

~~**E. Pronghorn antelope private lands use system (A-PLUS):**~~

~~(1) The deadline for new landowners to apply and any changes (i.e. change in ownership, acreage, ranch contact person, etc.) reported for existing ranches is February 1, annually.~~

~~(2) Landowners must enroll the entire ranch into the system which includes all deeded acres as well as any leased public acreage (BLM, USFS, and state trust).~~

~~(3) Participation requirements: New landowners applying for private land pronghorn antelope authorization certificates must submit the current A-PLUS application along with all required documentation listed on the application. Existing ranches are subject to random requests for updated ownership documentation. If a landowner fails to submit ownership documents when requested, the ranch will be inactivated from the system. The ranch will be considered for re-activation for the following license year upon receipt of requested documentation.~~

~~(4) All signed pronghorn antelope hunt agreements must be received in the Santa Fe office by the deadline date indicated on the annual hunting agreement. The annual deadline date is subject to change pursuant to the big game public draw date. If a landowner fails to submit the hunt agreements by the deadline date, the ranch will not be eligible to receive pronghorn antelope authorization certificates during the current license year.~~

~~**F. Private land elk license allocation:** The private land elk license allocation system may be found in 19.30.5 NMAC.]~~

19.31.3.11 RESTRICTIONS:

A. One license per big game species per year: It shall be unlawful for anyone to hold more than one permit or license for any one big game species during the current license year unless otherwise allowed by rule.

B. Validity of license or permit: All permits or licenses shall be valid only for the specified dates, eligibility requirements or restrictions, legal sporting arms, bag limit and area. Except that a permit or license will be valid on the contiguous deeded land of private property that extends into an adjacent GMU [or AMU,] that is open to hunting for that species, when the license holder is in possession

of current, valid written permission from the appropriate landowner. This exception shall only apply when the adjacent unit has the same restrictions as to weapon type, bag limit, season dates and license availability.

C. Improper license and permit: Any person who attempts to capture or shoot, hunts, kills, injures or takes, in any manner any game animal, game bird or game fish other than in accordance with the specified hunt code or dates, legal sporting arm, bag limit allowance or area designated on a license or permit issued by the department to that person is deemed to be hunting without a proper license as required by 17-3-1 NMSA 1978 unless otherwise exempted by a valid commission rule.

D. Transfer of permits or licenses: The director may grant the transfer of a hunting license or permit once it has been determined that a licensee or their official representative provides written, verifiable information indicating the licensee has~~[-]~~ died, sustained an injury or life-threatening illness, or has been subject to deployment by the United States military that prohibits the licensee from hunting. When a transfer of a license results in a higher license fee due to differences between the original licensee and the new licensee (age, residency, etc.), the difference shall be paid prior to issuance of a license or permit.

E. Refunds: The director may grant the refund of a hunting license once it has been determined that a licensee or their official representative provides written, verifiable information indicating the licensee has~~[-]~~ died, sustained an injury or life-threatening illness, or has been subject to deployment by the United States military that prohibits the licensee from hunting.

F. Donation of permits or licenses: Upon written request from a licensee or their official representative, the director may grant the donation of a hunting license for transfer to a person who has been qualified through a nonprofit wish-granting organization. The donor of the license shall not be eligible for a refund of license or application fees. When a transfer of a license results in a higher license fee due to differences between the original licensee and the new licensee (age, residency, etc.), the difference shall be paid prior to issuance of a license or permit. The state game commission must approve any nonprofit wish-granting organizations that identify and submit recipients for donated licenses or permits. However, a once-in-a-lifetime licensee may be reinstated as eligible to participate in future drawings for the same species and hunt type if the licensee donated his or her license to an individual qualified by an approved nonprofit wish granting organization. Donation ~~[on]~~ of a once-in-a-lifetime license will not prohibit the donor from applying for and receiving another

license for the same species and restrictions in the future.

G. More than one application: It shall be unlawful to submit more than one application per species for any license issued through a special drawing, unless otherwise permitted by regulation. Exception: An individual may apply for both a population ~~[reduction]~~ management hunt on public or private land and a special drawing hunt. However, an applicant shall follow the application procedures outlined in 19.31.3.8 NMAC.

H. Handicapped fishing or handicapped general hunting license qualifications: To hold a handicapped fishing or handicapped general hunting license, the individual must be a resident of New Mexico and must show proof of a severe disability by reason of one or more physical disabilities resulting from amputation, arthritis, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, muscular dystrophy, musculoskeletal disorders, neurological disorders, paraplegia, quadriplegia and other spinal cord conditions, sickle cell anemia, and end-stage renal disease, or who has a combination of permanent disabilities which cause comparable substantial functional limitation. Reasonable accommodation will be made, relating to these licenses, upon request.

I. Mobility impaired (MI) deer, elk, oryx, or antelope license qualifications: To hold a mobility impaired deer, elk, oryx, or antelope license, a person must submit verifiable documentation on the proper department form that is attested to by a certified medical physician that the individual has a mobility restriction which limits their activity to a walker, wheelchair, or two crutches, or severely restricts the movement in both arms or who has a combination of permanent disabilities which cause comparable substantial functional limitation and then obtain department approval for MI hunt eligibility.

~~[(4)]~~ Every person qualified as MI shall have their card/eligibility expire 48 months from the department's approval date or issuance date, whichever is later, and must resubmit their application and obtain department approval as required above prior to being eligible to apply for any MI hunt.

~~[(2) All current MI card holders shall have their card expire on March 15, 2007 and must resubmit on the proper department form and obtain department approval prior to being eligible to apply for MI designated hunt codes.]~~

J. Youth hunts: Only applicants who have not reached their 18th birthday by the opening day of the hunt are eligible to apply for or participate in a youth only hunt. Applicant for firearm hunts must provide hunter education certificate number on application.

K. An individual making license application shall supply the department on the appropriate form with all required personal information including, but not limited to name, address, date-of-birth, last four digits of his/her social security number prior to an application form being processed or a license being awarded.

L. Military only hunts: Applicants must be full time active military and proof of military status must accompany application or, if applying online, must be forwarded to the department by the application deadline date.

M. Penalty assessments: When a person is issued a penalty assessment citation for fishing without a license or hunting small game without a license, the citation will serve as a special permit for that specific activity for ~~[fifteen-(15)]~~ 15 calendar days. The person must remit the prescribed penalty amount indicated on the face of the citation within ~~[thirty-(30)]~~ 30 days of the date of citation issuance.

N. Iraq/Afghanistan veteran oryx hunts: Only New Mexico residents who served on active duty military during the Iraq or Afghanistan conflict are eligible to apply for Iraq/Afghanistan veteran oryx licenses. Proof of active duty military assignment in Iraq or Afghanistan must accompany application or, if applying online, must be forwarded to the department by the application deadline date.

O. Mentor/youth only hunts: Applications for mentor/youth only hunts are limited to one adult (18 years and older) and up to ~~[3]~~ three youth applicants (under 18 years as of opening day of the hunt). Youth applicants for any mentor/youth only firearm hunts must provide hunter education certificate number on application.

P. Youth encouragement hunts: Only youth hunters as defined by 19.31.3.11 NMAC that successfully fulfilled all application requirements and responsibilities for draw hunts for deer, elk, antelope, ibex, oryx, or bighorn sheep in the current license year and were unsuccessful in drawing any licenses or permits will be eligible to register for these hunts.

Q. NMDGF customer identification number: It shall be unlawful for an applicant to use another person's NMDGF customer identification number or to provide false information to obtain a NMDGF customer identification number.

R. [Application fee (2009-2010):] ~~All applicants for special hunt drawings for pronghorn antelope, barbary sheep, bighorn sheep, javelina or ibex public draw licenses shall pay the non-refundable application fee and applicable license fees prior to the drawing as defined by 19.30.9.9 NMAC. Online applicants for permits, oryx licenses, or elk license will submit the non-refundable application fee upon application~~

and will pay the license fee upon successful drawing. Disabled American veterans certified as holders of lifetime general hunting and fishing licenses are exempt from paying the application fee when applying for deer hunt drawings.

~~S-]~~ **Application fee** [~~2010-2011 and subsequent license years~~]: All applicants for special hunt drawings for all public draw licenses shall pay the non-refundable application fee and applicable license fees prior to the drawing as defined by 19.30.9.9 NMAC. Disabled American veterans certified as holders of lifetime general hunting and fishing licenses are exempt from paying the application fee when applying for deer hunt drawings.
