### **Adopted Rules**

#### NEW MEXICO DEPARTMENT OF GAME AND FISH

This is an amendment to 19.31.3 NMAC, Section 11, effective 1-31-2012.

#### 19.31.3.11 RESTRICTIONS: A. One license per big

game species per year: It shall be unlawful for anyone to hold more than one permit or license for any one big game species during the current license year unless otherwise allowed by rule.

В. Validity of license or permit: All permits or licenses shall be valid only for the specified dates, eligibility requirements or restrictions, legal sporting arms, bag limit and area. Except that a permit or license will be valid on the contiguous deeded land of private property that extends into an adjacent GMU that is open to hunting for that species, when the license holder is in possession of current, valid written permission from the appropriate landowner. This exception shall only apply when the adjacent unit has the same restrictions as to weapon type, bag limit, season dates and license availability.

C. Improper license and permit: Any person who attempts to capture or shoot, hunts, kills, injures or takes, in any manner any game animal, furbearing animal, game bird or game fish other than in accordance with the specified hunt code or dates, legal sporting arm, bag limit allowance or area designated on a license or permit issued by the department to that person is deemed to be hunting, fishing or trapping without a proper license as required by 17-3-1 NMSA 1978 unless otherwise exempted by a valid commission rule.

D. Transfer of permits or **licenses:** The director may grant the transfer of a hunting license or permit once it has been determined that a licensee or their official representative provides written, verifiable information indicating the licensee has died, sustained an injury or life-threatening illness, or has been subject to deployment by the United States military that prohibits the licensee from hunting. When a transfer of a license results in a higher license fee due to differences between the original licensee and the new licensee (age, residency, etc.), the difference shall be paid prior to issuance of a license or permit.

**E. Refunds:** The director may grant the refund of a hunting license once it has been determined that a licensee or their official representative provides written, verifiable information indicating the licensee has died, sustained an injury or life-threatening illness, or has been subject to deployment by the United States military that prohibits the licensee from hunting.

F. **Donation of permits** or licenses: Upon written request from a licensee or their official representative, the director may grant the donation of a hunting license for transfer to a person who has been qualified through a nonprofit wish-granting organization. The donor of the license shall not be eligible for a refund of license or application fees. When a transfer of a license results in a higher license fee due to differences between the original licensee and the new licensee (age, residency, etc.), the difference shall be paid prior to issuance of a license or permit. The state game commission must approve any nonprofit wish-granting organizations that identify and submit recipients for donated licenses or permits. However, a once-in-a-lifetime licensee may be reinstated as eligible to participate in future drawings for the same species and hunt type if the licensee donated his or her license to an individual qualified by an approved nonprofit wish granting organization. Donation of a once-in-alifetime license will not prohibit the donor from applying for and receiving another license for the same species and restrictions in the future.

G. More than one application: It shall be unlawful to submit more than one application per species for any license issued through a special drawing, unless otherwise permitted by regulation.

H. Handicapped fishing or handicapped general hunting license qualifications: To hold a handicapped fishing or handicapped general hunting license, the individual must be a resident of New Mexico and must show proof of a severe disability by reason of one or more developmental or physical disabilities resulting from amputation, arthritis, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, muscular dystrophy, musculoskeletal disorders, neurological disorders, paraplegia, quadriplegia and other spinal cord conditions, sickle cell anemia, and end-stage renal disease, or who has a combination of permanent disabilities which cause comparable substantial functional limitation. Reasonable accommodation will be made, relating to these licenses, upon request.

I. Mobility impaired (MI) deer, elk, oryx, or antelope license qualifications: To hold a mobility impaired deer, elk, oryx, or antelope license, a person must submit verifiable documentation on the proper department form that is attested to by a certified medical physician that the individual has a mobility restriction which limits their activity to a walker, wheelchair, or two crutches, or severely restricts the movement in both arms or who has a combination of permanent disabilities which cause comparable substantial functional limitation and then obtain department approval for MI hunt eligibility. Every person qualified as MI shall have their card/eligibility expire 48 months from the department's approval date or issuance date, whichever is later, and must resubmit their application and obtain department approval as required above prior to being eligible to apply for any MI hunt.

**J.** Youth hunts: Only applicants who have not reached their 18<sup>th</sup> birthday by the opening day of the hunt are eligible to apply for or participate in a youth only hunt. Applicant for firearm hunts must provide hunter education certificate number on application.

**K.** An individual making license application shall supply the department on the appropriate form with all required personal information including, but not limited to name, address, date-of-birth, last four digits of his/her social security number prior to an application form being processed or a license being awarded.

L. Military only hunts: Applicants must be full time active military and proof of military status must accompany application or, if applying online, must be forwarded to the department by the application deadline date.

**M. Penalty assessments:** When a person is issued a penalty assessment citation for fishing without a license or hunting small game without a license, the citation will serve as a special permit for that specific activity for 15 calendar days. The person must remit the prescribed penalty amount indicated on the face of the citation within 30 days of the date of citation issuance.

N. Iraq/Afghanistan veteran oryx hunts: Only New Mexico residents who served on active duty military during the Iraq or Afghanistan conflict are eligible to apply for Iraq/Afghanistan veteran oryx licenses. Proof of active duty military assignment in Iraq or Afghanistan must accompany application or, if applying online, must be forwarded to the department by the application deadline date.

O. Mentor/youth only hunts: Applications for mentor/youth only hunts are limited to one adult (18 years and older) and up to three youth applicants (under 18 years as of opening day of the hunt). Youth applicants for any mentor/youth only firearm hunts must provide hunter education certificate number on application.

Р

Youth encouragement

Only youth hunters as defined hunts: by 19.31.3.11 NMAC that successfully fulfilled all application requirements and responsibilities for draw hunts for deer, elk, antelope, ibex, oryx, or bighorn sheep in the current license year and were unsuccessful in drawing any licenses or permits will be eligible to [register for these hunts] apply for licenses for these hunts for 14 days subsequent to the original posting of availability of these hunts on the department website. Licenses remaining after the first 14 days of availability shall be available to any youth hunters as defined by 19.31.3.11 NMAC and eligible to purchase an elk license.

Q. NMDGF customer identification number: It shall be unlawful for an applicant to use another person's NMDGF customer identification number or to provide false information to obtain a NMDGF customer identification number.

**R. Application fee:** Prior to the drawing, all applicants for special hunt drawings for public draw licenses shall pay the applicable species license fees including depredation damage stamp, the required game hunting license fee and the non-refundable application fee as defined by 19.30.9.9 NMAC. Disabled American veterans certified as holders of lifetime general hunting and fishing licenses are exempt from paying the application fee when applying for deer hunt drawings.

S. Game hunting license fee refund: Applicants for special hunt drawings for public draw licenses may elect to receive a refund of the game hunting license and appropriate fees if they are unsuccessful in the drawing for all of the species applied for as long as an authorization number (pursuant to 17-3-5 NMSA 1978) has not been issued to the applicant by the department.

## NEW MEXICO HUMAN SERVICES DEPARTMENT

A, 1/31/12]

MEDICAL ASSISTANCE DIVISION

This is an amendment to 8.311.2 NMAC, Sections 8 and 15 effective February 1, 2012.

8.311.2.8 M I S S I O N STATEMENT: [To reduce the impact of poverty on people living in New Mexico and to assure low income and individuals with disabilities in New Mexico equal participation in the life of their communities.] To reduce the impact of poverty on people living in New Mexico by providing support services that help families break the cycle of dependency on public assistance. [8.311.2.8 NMAC - Rp/E, 8 NMAC 4.MAD 002, 1/1/09; A, 11/1/10; A, 2/1/12] **8.311.2.15 OUTPATIENT SERVICES:** MAD covers outpatient services which are medically necessary for prevention, diagnosis or rehabilitation as indicated by the condition of an eligible recipient. Services must be furnished within the scope and practice of a professional provider as defined by state laws and regulations.

A. **Outpatient covered services:** Covered hospital outpatient care includes the use of minor surgery or cast rooms, intravenous infusions, catheter changes, first aid care of injuries, laboratory and radiology services, and diagnostic and therapeutic radiation, including radioactive isotopes. A partial hospitalization program in a general hospital psychiatric unit is considered under outpatient services. See 8.321.5 NMAC, *Outpatient Psychiatric Services and Partial Hospitalization*.

B. **Outpatient noncovered** services: MAD does not cover the following specific outpatient benefits:

 outpatient hospital services not considered medically necessary for the condition of the eligible recipient;

(2) outpatient hospital services that require prior approval for which the approval was not requested except in cases with extenuating circumstances as granted by MAD or its designee;

(3) outpatient hospital services furnished to an individual who was not eligible for MAD services on the date of service;

(4) experimental or investigational procedures, technologies or therapies and the services related to them, including hospitalization, anesthesiology, laboratory tests, and imaging services; see 8.325.6 NMAC, *Experimental or Investigational Procedures or Therapies*;

(5) drugs classified as "ineffective"by the federal food and drug administration;(6) laboratory specimen handling or mailing charges; and

(7) formal educational or vocational services which relate to traditional academic subjects or training for employment.-

C. **MCO payment rates:** If a provider and an MCO are unable to agree to terms or fail to execute an agreement for any reason, the MCO shall be obliged to pay, and the provider shall accept, 100 percent of the "applicable reimbursement rate" based on the provider type for services rendered under both emergency and non-emergency situations. The "applicable reimbursement rate" is defined as the rate paid by HSD to the provider participating in medicaid or other medical assistance programs administered by HSD and excludes disproportionate share hospital and medical education payments.

D. **Prior authorization:** Certain procedures or services performed in outpatient settings can require prior approval from MAD or its designee. Outpatient physical, occupational, and speech therapies services require prior authorization.

E. **Reimbursement for** outpatient services: Effective November 1, 2010, outpatient hospital services are reimbursed using outpatient prospective payment system (OPPS) rates. The OPPS rules for payment for packaged services, separately reimbursed services are based on the medicare ambulatory payment classification (APC) methodology.

(1) Reimbursement for laboratory services, radiology services, and drug items will not exceed maximum levels established by MAD. Hospitals must identify drugs items purchased at 340B prices.

(2) Services or supplies furnished by a provider under contract or through referral must meet the contract services requirements and be reimbursed based on approved methods. See 8.302.2 NMAC, *Billing For Medicaid Services*.

(3) For critical access hospital providers, the MAD outpatient prospective payment system (OPPS) fee-for-service rate will be set based on the provider's reported cost to charge ratio reported in the provider's most recently filed cost report prior to February 1, 2012.

[(3)] (4) For services not reimbursed using the outpatient prospective payment system (OPPS) methodology or fee schedule, reimbursement for a MAD feefor-service provider will be made using the medicare allowable cost method, reducing medicare allowable costs by three percent. An interim rate of payment is established by MAD. A rate of payment for providers not subject to the cost settlement process is also established by MAD to equal or closely approximate the final payment rates that apply under the cost settlement TEFRA principals. If the provider is not cost settled, the reimbursement rate will be at the provider's cost to charge ratio reported in the provider's most recently filed cost report prior to February 1, 2012. [Both] Otherwise, rates are established after considering available cost to charge ratios, payment levels made by other payers, and MAD payment levels for services of similar cost, complexity and duration.

# 8.353.2.10 INITIATION OF HEARING PROCESS:

A. **Notice:** The hearing process is initiated by a provider's request for hearing made in response to an HSD action notice. See Section 8.351.2 NMAC, *Sanctions and Remedies*, for information concerning notice requirements when the action has been a sanction.

Time limits: A MAD Β. FFS provider has 30 calendar days from the date of the HSD action notice to request a hearing. To be considered timely, the request must be received by HSD no later than the close of business of the specified day. Hearings are conducted and a written decision is issued to the provider within 120 calendar days from the date HSD receives the hearing request, unless the parties otherwise agree to an extension. [If HSD seeks to impose a sanction or remedy or take another action against a provider, the provider may submit a written request for a stay of the effective date of imposition of the sanction, remedy, or action to MAD. Granting of a stay is at the discretion of the MAD director.] See 8.351.2 NMAC, Sanctions and Remedies, for information concerning time limits when the action has been a sanction. The right to request a stay is cited in Subsection B of 8.351.2.15 NMAC, request for provider hearing.

C. Scope and limits on provider hearings:

(1) A hearing is available to all MAD FFS providers, including providers applying for electronic health record incentive payments, who submit a request in accordance with this section in a timely manner. A provider can request a hearing if:

(a) a provider application or renewal of an application is denied;

(b) the provider's participation is suspended or terminated; or

(c) the provider disagrees with a decision of MAD or its designee with respect to recovery of overpayments due to provider billing error including incorrect billing, or lack of documentation to support the medical necessity of a service, or that the service was provided, or imposition of a sanction or other remedy, with the exception of the withholding of medicaid payments by MAD when the action is directed by the state's medicaid fraud control unit; or

(d) the provider believes the requirements for timely filing of a claim as stated in 8.302.2 NMAC, *Billing for Medicaid Services*, were met but a decision by MAD has been made that the timely filing requirements were not met.

(2) **Denial or dismissal of request for hearing:** HSD may deny or dismiss a request for a provider hearing when:

(a) the request is not received in a timely manner or within the time period stated in the notice;

(b) the request is withdrawn or canceled in writing by the provider or the provider's authorized representative;

(c) the sole issue presented concerns a federal or state law which requires an adjustment of compensation for all or certain classes of providers or services unless the reason for the hearing request involves an alleged error in the computation of provider compensation;

(d) the provider fails to appear at a scheduled hearing without good cause; [or] a request for a hearing may be considered abandoned and therefore dismissed if neither the provider nor the representative appear at the time and place of the hearing, unless, within 10 calendar days after the date of the scheduled hearing, the provider presents good cause for failure to appear; "good cause" includes death in the family, disabling personal illness, or other significant emergencies; at the discretion of the hearing officer, other exceptional circumstances may be considered good cause;

(e) the same issue has already been appealed or decided upon as to this provider and fact situation;

(f) the matter presented for hearing

is outside the scope of issues which are subject to the provider hearing process; see Subsection C of 8.353.2.10 NMAC, scope and limits on provider hearings; [and]

(g) the sole issue presented concerns MAD MCO utilization management decisions, such as a decision to terminate, suspend, reduce, or deny services to members, untimely utilization reviews, and provider payment issues, raised by a contracted or subcontracted MCO provider; or

(h) the sole issue presented is regarding a rule in the New Mexico administrative code (NMAC) rather than the application of the rule to the provider.

[(3) A request for a hearing may be considered abandoned and therefore dismissed if neither the provider nor representative appears at the time and place of the hearing, unless, within 10 calendar days after the date of the scheduled hearing, the provider presents good cause for failure to appear. "Good cause" includes death in the family, disabling personal illness, or other significant emergencies.

(4) At the discretion of the hearing officer, other exceptional circumstances may be considered good cause.]

Method: A request for D. hearing must be made in writing and must identify the provider and the underlying action.

Acknowledgment E. of request: The HSD hearing bureau sends acknowledgment of its receipt of a hearing request to the provider.

[11-1-96; 8.353.2.10 NMAC - Rn, 8 NMAC 4.MAD.981 & A, 7-1-01; A, 5-1-10; A, 2-1-12]

#### 8.353.2.11 PRE-HEARING **PROCEDURE:**

Notice of hearing: Α. Not less than 30 calendar days before the hearing, written notice is given to all parties involved of the time, date, and place of the hearing. If an accommodation is necessary, the party must notify the hearing officer at least 10 calendar days prior to the hearing. The provider is also given an explanation of the hearing process and procedures and informed that HSD does not pay fees or costs incurred by the provider as a result of the hearing or appeal of the hearing decision. Β. Α

#### **Postponement:**

provider may request, and is entitled to receive, one postponement of the scheduled hearing, as long as it does not interfere with the decision time frames. Requests for more than one postponement are considered, at the hearing officer's discretion, on a caseby-case basis.

C. Expedited hearing: The parties may request an expedited hearing in cases involving eligible recipient health, safety, or service availability issues. The request must be made in writing and state in detail the reasons why an expedited hearing is necessary. Granting an expedited hearing is at the discretion of the hearing officer.

> D. Group hearing:

Α hearing officer may respond to a series of individual requests for hearings by conducting a single group hearing. Group hearing procedures apply only to cases where individual issues of fact are not disputed and where related issues of federal and state law, rules and policies or any combination of these are the sole issues being raised. In all group hearings, the regulations governing individual hearings are followed. Each provider is permitted to present his own case or to be represented by his own attorney or other person. If a group hearing is arranged, any provider has the right to withdraw from the group hearing in favor of an individual hearing.

E Informal resolution conference: The parties are encouraged to hold an informal resolution conference before the hearing to discuss the issues involved in the hearing. The informal resolution conference is optional and does not delay or replace the hearing process. Conference participants may include the provider or their personal representative, HSD or other responsible agency representatives, and the selected claims processing contractor. The purpose of the informal resolution conference is to informally review HSD's action and to determine whether the issues can be resolved by mutual agreement. The issues to be decided at the hearing may also be clarified or further defined. Regardless of the outcome of the informal resolution conference, a hearing is still held, unless the provider makes a written withdrawal of the request of the hearing.

F. Pre-hearing conference: Upon receipt of a request for hearing, the hearing officer assigned to a case schedules a pre-hearing conference to be held within 30 calendar days of the receipt of the request. A pre-hearing conference is an informal proceeding and may occur telephonically.

(1) **Purpose of conference:** The purposes of the pre-hearing conference include, but are not limited to:

(a) expediting the disposition of the action;

(b) identification, clarification, formulation and simplification of issues;

(c) resolution of some or all issues;

(d) exchange of documents and information;

(e) preparing stipulations of fact to avoid unnecessary introduction of evidence at the hearing;

(f) review of audit findings;

(g) reconsideration of a suspension or withholding of payments;

(h) identifying the number of

witnesses; and (i) facilitating the settlement of the case.

(2) Scheduling: A scheduling order shall be entered into, which shall set the due date for the summary of evidence, due date for exhibits, and sets the date for the hearing. The order shall issue as soon as practicable but in any event within 30 days of the request for hearing.

(3) Continuations and rescheduling: A pre-hearing conference may be continued or rescheduled with the consent of all parties, after the 30 calendar days time limit.

(4) Settlements, stipulations and admissions: No offer of settlement made in a pre-hearing conference is admissible as evidence at a later hearing. Stipulations and admissions are binding and may be used as evidence at the hearing. Any stipulation, settlement or consent order reached between the parties is written and signed by the hearing officer and the parties or their representatives.

(5) **Timeliness:** The pre-hearing conference will not delay or replace the hearing itself. Pre-hearing conferences may include the provider or their personal representative, HSD or other responsible agency representatives, and the selected claims processing contractor. Subsequent to the conference or in the event that any of the parties to the hearing fail to participate, the scheduled hearing is still held, unless the provider submits a written request for withdrawal.

(6) Unresolved issues: If all matters in controversy are not resolved at the pre-hearing conference, the hearing officer sets a hearing date within 30 calendar days of the last conference date, or at a later time agreed to by parties, recognizing the 120 calendar day time constraints.

(7) Written summaries: The hearing office may request the parties to submit a written summary of all issues resolved at the pre-hearing conference.

(8) **Pre-hearing order:** The hearing officer may, at his sole discretion, prepare or ask the parties to prepare a prehearing order. The pre-hearing order may contain:

(a) statements of any contested facts and issues;

(b) stipulation of matters not in dispute;

(c) list of witnesses to be called and the subject of their testimony;

(d) list of exhibits;

(e) discovery directives; or

(f) other matters relevant to the issues.

(9) **Points of law:** The hearing officer may direct the parties to submit memoranda on points of law to inform the final decision, and may dictate the length and

scope of the submissions.

G. **Summary of evidence:** A summary of evidence is a document prepared by HSD staff involved in the action or proposed action or HSD counsel that provides preliminary information [to the hearing officer] concerning the basis of an HSD action.

[The summary will be (1)completed as soon as practicable but in any event within five working days of the hearing and will be forwarded to the HSD hearing officer and all parties involved.] The summary must be provided within five working days of the hearing officer's request to the HSD hearing officer and all parties involved. The hearing officer is required to fax to the MAD designated staff the request for the relevant evidence for this hearing. The date the fax is confirmed sent by the hearing officer will be considered the start of the five working days timeframe of the due date of the summary of evidence to the hearing officer and all parties involved.

[(2) The summary must be prepared and submitted within the time frame even if the informal resolution conference has not been completed.

(<del>3</del>)] (<u>2</u>) Failure to <u>timely</u> provide the summary of evidence may result in its exclusion or a continuance of the hearing at the discretion of the hearing officer [<del>pursuant</del> to <u>Subsection D of 8.353.2.13 NMAC</u>, *conducting the hearing*].

[(4)] (3) MAD staff or other responsible agency representative is responsible for preparation of the summary of evidence and coordination of parties and witnesses [when the MAD selected claims processing contractor is party to the fair hearing].

[(5)] (4) The summary of evidence [will] shall contain:

(b) the action, proposed action or inaction being appealed;

[(c) the issue or issues to be decided at the hearing;

(d)] (c) information on which the action or proposed action is based [and facts and findings related to the hearing issues, along] with supporting documentation and correspondence[; some or all of the involved documentation may be provided by the MAD selected claims processing contractor]; and

[(e)] (d) applicable federal and state law, rules and policies or any combination of these.

# H. Availability of provider evidence:

(1) The provider or his personal representative shall make any evidence that

is planned to be introduced at the hearing available to HSD/hearings bureau at least [three] eight to ten days prior to the hearing. The hearings bureau will forward to MAD copies of any evidence. MAD will then make these available to its selected claims processing, contractor if appropriate.

[(2) All measures should be taken to ensure that this evidence is received with sufficient time to review before the hearing.

(3)] (2) Failure to timely provide the documentary evidence may result in its exclusion or a continuance of the hearing at the discretion of the hearing officer [pursuant to Subsection D of 8.353.2.13 NMAC, conducting the hearing].

C. Written closing argument: At the discretion of the hearing officer, the parties may be directed to make closing arguments, or submit written memoranda on points of law.

D. **Continuance:** The hearing officer may continue the hearing upon the request of either party or on his own motion, for admission of additional testimony or evidence. The granting of a continuance is at the discretion of the hearing officer and can only be allowed when the timeliness of a decision is not jeopardized by the continuance or the parties have agreed to an extension of the decision time frame. The reasons for the continuance must be stated for the record. Written notice of the date, time, and place of the continued hearing is sent to the parties if these are not set at the time of the continuance.

E. **Additional evidence:** If the hearing officer needs additional evidence to further clarify documentary evidence presented during the hearing, he may close the hearing but keep the record open and direct the parties to submit such clarifying evidence. Each party receives a copy of the direction for further evidence and the documentary evidence being submitted and is allowed an opportunity to respond to the submission, in writing, within 10 calendar days of its receipt. The additional evidence and responses become part of the hearing record.

F. **Re-opening a hearing:** The hearing officer, at his discretion, may reopen a hearing when the evidentiary record fails to address an issue that is relevant to resolution of a hearing request. The hearing can only be re-opened if the timeliness of the decision is not jeopardized or the parties have agreed to an extension of the decision time frames. Written notice of the date, time and place of the re-opened hearing is sent to the parties not less than 10 calendar days before the re-opened hearing.

#### 8.321.5.16 PRIOR [APPROVAL] AUTHORIZATION AND UTILIZATION

**REVIEW:** [All medicaid services are subject to utilization review for medical necessity and program compliance. Reviews can be performed before services are furnished, after services are furnished and before payment is made, or after payment is made. See [Section MAD-705] Prior Approval and Utilization Review. Once enrolled, providers receive instructions and documentation forms necessary for prior approval and claims processing.

All outpatient -A. and partial hospitalization services furnished in freestanding psychiatric hospitals for recipients under twenty-one (21) years of age require prior approval from MAD or its designee. Services for which prior approval was obtained remain subject to utilization review at any point in the payment process. Prior approval <u>B.</u> -of services does not guarantee that individuals are eligible for medicaid. Providers must verify that individuals are eligible for medicaid at the time services are furnished and determine if medicaid recipients have other health insurance.

C. Providers who disagree with prior approval request denials or other review decisions can request a re-review and a reconsideration. See Section MAD-953 Reconsideration of Utilization Review Decisions.]

All MAD services are subject to utilization review for medical necessity, inspection of care, and program compliance. Reviews can be performed before services are furnished, after services are furnished, and before payment is made, or after payment is made. See 8.302.5 NMAC, Prior Authorization and Utilization Review. The provider must contact HSD or its authorized agents to request utilization review instructions. It is the provider's responsibility to access these instructions or ask for paper copies to be provided, to understand the information provided, to comply with the requirements, and to obtain answers to questions not covered by these materials. When services are billed to and paid by a coordinated services contractor authorized by HSD,

the provider must follow that contractor's instructions for authorization of services.

A. **Prior authorization:** All outpatient and partial hospitalization services furnished in freestanding psychiatric hospitals for recipients under 21 years of age require prior authorization from MAD or its designee. Services for which prior authorization was obtained remain subject to utilization review at any point in the payment process. See Subsection A of 8.311.2.16 NMAC, emergency room services.

B. E l i g i b i l i t y determination: Prior authorization of services does not guarantee that an individual is eligible for medicaid or other health care programs. A provider must verify that an individual is eligible for a specific program at the time services are furnished and must determine if the eligible recipient has other health insurance.

C. Reconsideration: <u>A provider who disagrees with prior</u> <u>authorization denials or other review</u> <u>decisions can request a reconsideration.</u> <u>See 8.350.2 NMAC, Reconsideration of</u> <u>Utilization Review Decisions.</u> [2/1/95; 8.321.5.16 NMAC - Rn, 8 NMAC 4.MAD.742.47 & A, 2/1/12]

8.321.5.17 **REIMBURSEMENT:** Providers of partial hospitalization services must submit claims for reimbursement on the [UB-92] UB claim form or its See [Section MAD-702] successor. 8.302.2 NMAC, Billing for Medicaid Services. Once enrolled, providers receive instructions on documentation, billing and claims processing. [Outpatient partial hospitalization services are reimbursed using the Title XVIII (medicare) principles. For those services reimbursed using the medicare allowable cost methodology, medicaid reduces the medicare allowable costs by three percent (3%). The interim rate of payment is seventy-seven percent (77%) of billed charges. If any professional services are billed and reimbursed to the provider under a separate professional component number, all costs for these services must be removed from the hospital cost report prior to cost settlement or rebasing.]

Outpatient and partial A. hospitalization services are reimbursed at an interim rate established by MAD to equal or closely approximate the final payment rates that apply under the cost settlement TEFRA principles using the Title XVIII (medicare) principles. For those services reimbursed using the medicare allowable cost methodology, medicaid reduces the medicare allowable costs by three percent. Outpatient and partial hospitalization services that are not cost settled, will be reimbursed at the provider's cost to charge ratio reported in the provider's most recently filed cost report prior to February 1, 2012. Otherwise, rates are established after considering available cost to charge ratios, payment levels made by other payers, and MAD payment levels for services of similar cost, complexity and duration.

B. If any professional services are billed and reimbursed to the provider under a separate professional component number, all costs for these services must be removed from the hospital cost report prior to cost settlement or rebasing.
