

**PUBLIC HEALTH ORDER  
NEW MEXICO DEPARTMENT OF HEALTH  
ACTING SECRETARY DAVID R. SCRASE, M.D.**

**February 4, 2022**

**Public Health Emergency Order Clarifying that Current Guidance Documents, Advisories, and Emergency Public Health Orders Remain in Effect; and Amending Prior Public Health Emergency Orders to Impose Certain Public Health Measures**

**PREFACE**

The purpose of this amended Public Health Emergency Order is to amend restrictions on mass gatherings and business operations, which were implemented in response to the spread of the Novel Coronavirus Disease 2019 ("COVID-19"). While vaccines are the most effective method to prevent the spread of COVID-19, masks, social distancing and self-isolation measures continue to be necessary to protect New Mexicans who are ineligible to receive a COVID-19 vaccine or who choose not to receive a vaccine. All New Mexicans should continue to adhere to social distancing protocols when required to protect our State as a whole. In accordance with these purposes, this Order and its exceptions should be narrowly construed to encourage New Mexicans continue social distancing measures.

It is hereby **ORDERED** that

1. All current guidance documents and advisories issued by the Department of Health remain in effect.
2. The following Public Health Emergency Orders remain in effect through the current Public Health Emergency and any subsequent renewals of that Public Health Emergency or until they are amended or rescinded:

**ORDER**

**WHEREAS**, on March 11, 2020, because of the spread of the novel Coronavirus Disease 2019 ("COVID-19"), Michelle Lujan Grisham, the Governor of the State of New Mexico, declared that a Public Health Emergency exists in New Mexico under the Public Health Emergency Response Act, and invoked her authority under the All Hazards Emergency Management Act;

**WHEREAS**, Governor Michelle Lujan Grisham has renewed the declaration of a Public Health

Emergency through March 4, 2022;

**WHEREAS**, confirmed cases in the United States have risen to more than 75 million and confirmed COVID-19 infections in New Mexico have risen to over 480,000;

**WHEREAS**, COVID-19 is a deadly virus and has taken the lives of over 880,000 Americans and over 6,500 New Mexicans;

**WHEREAS**, the further spread of COVID-19 in the State of New Mexico poses a threat to the health, safety, wellbeing and property of the residents in the State due to, among other things, illness from COVID-19, illness-related absenteeism from employment (particularly among public safety and law enforcement personnel and persons engaged in activities and businesses critical to the economy and infrastructure of the State), potential displacement of persons, and closures of schools or other places of public gathering;

**WHEREAS**, vaccination, social distancing and the consistent and proper use of face coverings in public spaces are the most effective ways New Mexicans can minimize the spread of COVID-19 and mitigate the potentially devastating impact of this pandemic in New Mexico; and

**WHEREAS**, the New Mexico Department of Health possesses legal authority pursuant to the Public Health Act, NMSA 1978, Sections 24-1-1 to -40, the Public Health Emergency Response Act, NMSA 1978, Sections 12-10A-1 to -19, the Department of Health Act, NMSA 1978, Sections 9-7-1 to -18, and inherent constitutional police powers of the New Mexico state government, to preserve and promote public health and safety, to adopt isolation and quarantine, and to close public places and forbid gatherings of people when deemed necessary by the Department for the protection of public health.
