

NOTICE OF TERMINATION OF RULEMAKING

The New Mexico Workers' Compensation Administration (WCA) is providing Notice to terminate the rulemaking regarding the amendments to 11.4.2 NMAC – Data Reporting and Safety Requirements (minor/technical changes only), and 11.4.7 NMAC Payments for Health Care Services (imposing late payment charge on payors who miss 30-day deadline to pay or deny a provider's medical bill, including permissible grounds to deny payment of a medical bill by reference to the WCA fee schedule, clarifying allowable reimbursements for health care provider dispensed prescriptions, raising permitted deposition charges for health care providers). The WCA has determined to terminate this previous rule making process and begin a new rule making process regarding 11.4.2 NMAC and 11.4.7 NMAC.

Therefore, pursuant to Subsection C of Section 14-4-5, NMSA 1978, the rulemaking noticed on September 10, 2024, is hereby terminated.
