8.232.500.15 INCOME ELIGIBILITY: Income consists of money received by a person whose income is considered available to the budget group as described in this part.

A. Income from a 30 calendar day period is used to determine eligibility. The 30 calendar day period may be any consecutive 30 calendar day period that is prior to the date of the application through the date of timely disposition. The applicant or re-certifying eligible recipient and the caseworker must agree on the 30 calendar day period. Income from a terminated source is not counted.

B. Income received less frequently than monthly: If an amount of gross income is received less frequently than monthly, that amount is converted to a monthly amount to determine financial eligibility. The conversion is dividing the total income by the number of months the income is intended to cover. For the purposes of this calculation, a partial month is considered to be one full month. This includes, but is not limited to, income from sharecropping, farming, and self-employment. It includes contract income as well as income for a tenured teacher who may not have a contract.

C. Use of conversion factors: Whenever a full month's income is received on a weekly or biweekly basis, the income is converted to a monthly amount. Income is rounded down to the nearest whole dollar prior to application of the conversion factor. Weekly income is multiplied by four; biweekly income is multiplied by two.
