

This is an amendment to 14.5.6 NMAC, Sections 8 and 11:

14.5.6.8 CLASSIFICATIONS AND SCOPES:

A. **CLASSIFICATIONS.** - [RESERVED]

B. **GENERAL INFORMATION.**

(1) The construction industry has multiple specialties. To individually identify all such specialties would require the establishment of many more classifications than set forth in these Rules and Regulations. Therefore, the declared policy of the Division is to establish the following classifications which are most commonly used in the industry. As the need arises, the Division may establish additional classifications not included herein.

(2) Contractors shall be assigned identifying symbols indicating the license classification in which the licensee is entitled to engage. Such identifying symbols shall be a series of letters and numerals.

(a) "Field" is designated by a letter and shall be the first letter of the identifying symbol, as follows: 1. General Construction shall be symbol G. 2. Electrical shall be symbol E. 3. Mechanical shall be symbol M. 4. Liquefied Petroleum Gas shall be symbol LP.

(b) "Division" is designated by a letter and shall be the second letter of the identifying symbol. (See the following list.)

(c) "Section" is designated by an Arabic numeral and follows the division designation in the identifying symbol. (See the following list.)

(d) EXAMPLE: Classification GB-2 indicates the contractor is licensed in the General Construction field (G), Building Construction division (B), Residential Building section (2).

C. **GENERAL CONSTRUCTION CLASSIFICATIONS.**

(1) **GA - ASPHALT, BITUMEN AND CONCRETE CONSTRUCTION:**

(Requires two years' experience.)

(a) GA-1. Streets, Roads and Highways, including Tunnels, Parking Lots, Alleys, Sealcoat and Surfacing.

(b) GA-2. Maintenance and Repairs.

(c) GA-3. Curbs, Gutters and Culverts.

(d) GA-4. Striping.

(e) GA-5. Highway Signs and Guard Rails.

(f) GA-98. Includes all the above sections. (Requires four years' experience.)

(2) **GB - BUILDING CONSTRUCTION:**

(a) GB-2. Residential Building. (Requires two years' experience.)

(b) GB-98. General Building. (Requires four years' experience.)

(3) **GS-BUILDING SPECIALTY:** (Requires two years' experience)

(a) GS-~~[4]~~ 29. Acoustical and/or Insulation, Urethane Foam.

(b) GS-~~[2]~~ 29. Awnings and Canopies.

(c) GS-~~[3]~~ 29. Ceramic Tile, Marble and Terrazzo.

(d) GS-4. Concrete, Cement, Walkways and Driveways.

(e) GS-~~[5]~~ 29. Demolition.

(f) GS-6. Door Installation.

(g) GS-7. Drywall - Installation and Texture.

(h) GS-8. Earthmoving, Excavating and Ditching.

(i) GS-9. Elevators, Escalators, Conveyors and Related Machinery (other than electrical installation).

(j) GS-~~[10]~~ 29. Fencing.

(k) GS-~~[11]~~ 29. Fixtures, Cabinets and Millwork.

(l) GS-~~[12]~~ 29. Floor Covering, Seamless Floors, Wood Floors and Finish.

(m) GS-13. Framing.

(n) GS-~~[14]~~ 29. Glazing, Weather stripping, Storm Doors and Window Installation.

(o) GS-~~[15]~~ 29. Caissons, Piers and Pile Driving.

(p) GS-16. Masonry.

(q) GS-~~[17]~~ 29. Ornamental Iron and Welding.

(r) GS-~~[18]~~ 29. Painting and Decorating.

(s) GS-19. ~~Remodeling.~~ Not Used.

(t) GS-20. ~~Trenching and Backhoe Owner/Operator.~~ Not used

(u) GS-21. Roofing.

- (v) GS-[22] 29. Sandblasting.
- (w) GS-[23] 29. Sign Construction (non-electrical).
- (x) GS-24. Structural Steel Erection.
- (y) GS-25. Swimming Pools (non-mechanical/electrical).
- (z) GS-[26] 29. Vaults and Depositories.
- (aa) GS-27. Not Used.
- (bb) GS-[28] 29. Guniting.
- (cc) GS-29. Various Specialties.
- (dd) GS-30. Plastering, Stucco and Lathing.
- (ee) GS-[31] 29. Siding.
- (ff) GS-[32] 29. Sheet Metal.
- (gg) GS-33. Not used.
- (hh) GS-34. Concrete Coring, Drilling and Slab Sawing.
- (ii) (The GB-98 license classification includes all of the above sections, except [The GB-2

license classification includes all GS license classifications, except the GS-29, providing the work is residential in nature.] GS-29 for asbestos abatement, lead abatement, and other environmental remediation classifications.

(jj) The GB-2 license classification includes all GS license classifications, except the GS-29 for asbestos abatement, lead abatement, and other environmental remediation classifications, providing the work is residential in nature.)

(4) **GF - FIXED WORKS:** (Requires two years' experience.)

- (a) GF-1. Airports.
- (b) GF-2. Bridges.
- (c) GF-3. Canals, Reservoirs or Irrigation Systems.
- (d) GF-4. Drainage or Flood Control Systems.
- (e) GF-5. Recreation Areas.
- (f) GF-6. Railroad and Tunnel Construction.
- (g) GF-7. Tanks and Towers.
- (h) GF-8. Transmission Lines, Tanks and Substations (non-electrical).
- (i) GF-9. Utility Lines (Sewage, Natural Gas, Water and Underground Telephone Cables).
- (j) GF-98. Includes all the above sections. (Requires four years' experience.)

D. ELECTRICAL LICENSE CLASSIFICATIONS.

(1) **COMPREHENSIVE ELECTRICAL LICENSES:**

- (a) ER-1. Residential Wiring. Requires two years of experience.
- (b) EE-98. Includes ER-1 work and all specialty electrical work, except does not include EL-1 work. Requires four years of experience.
- (c) EL-1. Electrical Distribution Systems, including Transmission Lines. Requires four years of experience.

(2) **ELECTRICAL SPECIALTY LICENSES:** (Requires two years of experience, unless otherwise specified under description of license.)

- (a) ES-1. Electrical Signs and Outline Lighting.
- (b) ES-2. Cathodic Protection, including Lightning Protection Systems.
- (c) ES-3. Sound, Intercommunication, Electrical Alarm Systems, and Systems 50 Volts and Under.

(d) ES-7. Telephone Communication Systems and Telephone Interconnect Systems.

(3) **ELECTRICAL JOURNEYMAN CLASSIFICATIONS.** (Requires two years of experience.)

- (a) EE-98J. Can work under the EE-98, ER-1, and all electrical specialty licenses. Cannot work under the EL-1 license. If working under a specialty license, the journeyman holding this certification classification may perform work only within the scope of the specialty license under which he is working.
- (b) ER-1J. Journeyman Residential Wiring. Can work under EE-98 or ER-1 license.
- (c) EL-1J. Journeyman Electrical Distribution Systems, including Transmission Lines. Can work under the EL-1 license.
- (d) ES-1J. Journeyman Electrical Signs and Outline Lighting. Can work under the EE-98 or ES-1 license.
- (e) ES-2J. Journeyman Cathodic Protection and Lightning Protection Systems. Can work under the EE-98 or ES-2 license.

(f) ES-3J. Journeyman Sound, Intercommunication, Electrical Alarm Systems, and Systems 50 Volts and Under. Can work under an EE-98 or ES-3 license.

(g) ES-7J. Journeyman Telephone Communication Systems and Telephone Interconnect Systems. Can work under an EE-98 or ES-7 license.

E. **MECHANICAL CLASSIFICATIONS.**

(1) **MM – COMPREHENSIVE MECHANICAL LICENSES:** (Requires four years of experience.)

(a) MM-1. Plumbing.

(b) MM-2. Natural Gas Fitting.

(c) MM-3. Air Conditioning and Ventilation.

(d) MM-4. Heating, Cooling and Process Piping.

(e) MM-98. Includes all above comprehensive mechanical licenses and specialty licenses.

(2) **MS – MECHANICAL SPECIALTY LICENSES:** (Requires two years of experience, unless otherwise specified below under the description of the license.)

(a) MS-3. Cesspools, Septic Tanks or Sewers.

(b) MS-6. Lawn Sprinklers.

(c) MS-12. Fire Protection Sprinkler Systems. Requires 4 years of experience.

(d) MS-14. Dry Chemical Fire Protection. Requires 4 years of experience.

(3) **MECHANICAL JOURNEYMAN CLASSIFICATIONS.** (Requires two years of experience.)

(a) JP. Journeyman Plumber. Can work under an MM-1 or MM-98 license.

(b) JPF. Journeyman Pipe Fitter. Can work under an MM-1, MM-2, MM-4 or MM-98 license.

(c) JG. Journeyman Natural Gas Fitter. Can work under an MM-1 or MM-98 license.

(d) JPG. Journeyman Plumber and Natural Gas Fitter. Can work under an MM-1, MM-2 or MM-98 license.

(e) JR. Journeyman Refrigeration. Must demonstrate compliance with EPA Recovery Requirements before testing. Can work under an MM-3 or MM-98 license.

(f) JS. Journeyman Sprinkler. Can work under an MM-1, MM-98 or MS-6 license.

(g) JSM. Journeyman Sheet Metal. Can work under an MM-3 or MM-98 license.

(h) JW. Journeyman Welder. Must obtain either a JP or JG or JPG or JSM and show ASME Section 9 certification. Will not have to test separately for this Certificate of Competence. Can work under an MM-1, MM-2, MM-3 or MM-98 license.

(i) BO1. Journeyman Boiler Operator. Low pressure only.

(j) BO2. Journeyman Boiler Operator. Low and high pressure.

F. [RESERVED]

G. **SCOPES FOR CLASSIFICATIONS.**

H. **GENERAL INFORMATION:**

(1) A contractor under each classification is not authorized to contract beyond the scope outlined below. If any portion of the work to be undertaken is subcontracted, such work must be awarded to and performed by a properly licensed and properly classified contractor.

(2) A contractor may bid and contract as the prime contractor of an entire project provided he holds the proper classification for the major portion of the work to be performed, based on dollar amount. This provision is subject to the allowance provided in 8.8.C below.

(3) A GB-98 contractor may bid and contract as the prime contractor of an entire project that involves work described under a general construction license classification, regardless of the percentage of work from the mechanical/plumbing and/or electrical trades. The work outside the scope the general contractor's license classification must be subcontracted to properly licensed subcontractors.

(4) WARNING: Some projects may require two or more license classifications.

I. **GENERAL CONSTRUCTION CLASSIFICATIONS:**

(1) GA ASPHALT, BITUMEN AND CONCRETE CONSTRUCTION: (For vehicular traffic only - does not include airborne craft.) (Requires two years' experience.)

(2) GA-1. Streets, Roads and Highways, Including Tunnels, Parking Lots, Alleys, Sealcoat and Surfacing. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract to clear, align, fill, compress, compact, water, build up or remove earth and do all work necessary to prepare, within the assigned rights-of-way, the land to accept a street, road, highway, including tunnels, parking lots, alleys or driveways, including curbs, gutters, land fencing. He also is authorized to place concrete or bituminous materials,

compact and smooth out and/or level surfacing or subsurfacing for such undertaking; and further, he may prepare materials for sealcoating and work into the assigned project such material.

(3) GA-2. Maintenance and Repair. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract all work necessary to fix, maintain, repair, patch, mend, cover, fill or replace materials of like substances to that being repaired on streets, roads, highways, parking lots, driveways and alleys. He may place sealcoat and surfacing materials on such repaired areas, but may not bid or contract for complete projects as enumerated in Classification GA-1.

(4) GA-3. Curbs, Gutters and Culverts. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for all necessary forming, placement and finishing of concrete curbs, gutters and culverts. He may also bid and contract for the placing of bituminous ridge curbs for the deflection of water.

(5) GA-4. Striping. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract, but is limited to the furnishing of all necessary labor and materials to paint directional stripes on paved roads, streets, highways, alleys and parking lots. He may also furnish and install auto parking bumpers or stops and highway lane markers/reflectors. He may not bid and contract for placing of surface materials for repair and maintenance except in the striping and painting as herein above outlined.

(6) GA-5. Highway Signs and Guard Rails. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for the furnishing of all necessary labor and materials for the erection and stabilization of signs and guard rails along highways, streets, roads and alleys, such signs being for the direction and safety of motor vehicular traffic. In the event such signs are to be electrified, this portion must be performed by a properly classified and licensed electrical contractor.

(7) GA-98. Asphalt, Bitumen and Concrete Construction. (Requires four years' experience.) A contractor under this classification is authorized to bid and contract for all types of work as described under classifications GA-1 through GA-5. He may bid and contract as prime contractor of any entire highway, street, road, paving district, alley or parking lot project.

(8) **GB-BUILDING CONSTRUCTION.** (Does not include any work done under GA or GF classifications.)

(9) GB-2. Residential. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for the erection, alteration, repair and demolition of homes, residences and apartment houses accommodating not in excess of four (4) family units, Groups R-1 (as limited herein) and R-3. He may also bid and contract for items included in Group M when incidental to the structures included herein. The GB-2 classification may bid and contract for work included in the GS specialties, except the GS-29 for asbestos abatement, lead abatement, and other environmental remediation classifications, providing the work is limited to residential ~~construction~~ construction as defined under this provision.

(10) GB-98. General Building. (Requires four years' experience.) A contractor under this classification is authorized to bid and contract for any of the buildings, structures or projects included in the classifications GB-2, GB-98 and GS Specialties, except GS-29 for asbestos abatement, lead abatement, and other environmental remediation classifications.

[14.5.6.8 NMAC – Rp, 14 NMAC 5.6.8, 12-1-00; A, 2-16-03]

14.5.6.11 GS - BUILDING SPECIALTY. (Requires two years' experience) (Does not include any work done under the GA or GF classifications.)

A. GS-[4] 29. Acoustical and/or Insulation, Urethane Foam. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as examining surfaces, preparing acoustical layouts, selecting and installing preformed acoustical material and installing any insulating material, including urethane foam and approved waterproof membranes and coatings, for buildings and structures for the purpose of energy conservation, temperature and sound control.

B. GS-[2] 29. Awnings and Canopies. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract to cut, fit, join or combine wood, plastic, metal or fabric materials in such a manner, under agreed specifications, that they, singly or in combination, can be placed, erected, fabricated and finished on buildings and structures to serve the purpose of shade control. He may not contract for or erect any marquees.

C. GS-[3] 29. Ceramic Tile, Marble and Terrazzo. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as examining surfaces and specifying the preliminary and preparatory conditions necessary to bring such surfaces to a condition where, under agreed specifications, work can be performed thereon by first preparing a base or sub-base upon the existing surface and

then, upon such base or sub-base, install ceramic, encaustic, faience, quarry, semi-vitreous, vitreous and other tile work, and to which prepared base or sub-base such tile will adhere by suction or is held in place by adhesives, and on such prepared base or sub-base set chips or marble, stone or other material in an irregular pattern with the use of cement lay, after properly selecting and cutting rough, cut and dressed marble, set same in pattern or in courses, with or without mortar. He may also grind and polish chips of stone or marble in such a manner that acceptable terrazzo may be executed.

D. GS-4. Concrete, Cement, Walkways and Driveways. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as the proportioning, batching and mixing of aggregate consisting of sand, gravel, crushed rock or other inert materials having clean uncoated grains of strong and durable minerals, cement and water or doing any part of or any combination of any thereof, in such a manner, that, under agreed specifications, acceptable mass, pavement, flat or other cement and concrete work can be poured, placed, finished and installed, including the placing of forms and form work and reinforcing material necessary for the performance of such work as herein defined, and the removal of such forms and form work. He may not install these materials in street construction.

E. GS-~~[5]~~ 29. Demolition. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for the demolition of all or any portion of a building or structure, and such contractor is required to have the ability and knowledge of such demolition work as to permit full execution and completion of the agreed-to specifications including such demolition of portions of buildings and structures as to permit additions and alterations to such existing portions of the building and structure. He must have the knowledge and ability to maintain the premises surrounding the demolition site safe for the passing public.

F. GS-~~[6]~~ 29. Door Installation. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as selecting, cutting, surfacing, joining, sticking, gluing wood and other products and materials including metal, but not including ornamental iron, in such a manner, that under agreed specifications, acceptable doors may be installed in buildings and structures, such installation to include the necessary installation of material embracing essential and acceptable door framing and the installation of hardware as is necessary to connecting, closing and locking of such doors in their fabricated and installed framework.

G. GS-7. Drywall Installation and Texture. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as the installing of gypsum wallboard, gypsum sheathing, taping, bedding and coating the surfaces of the wallboard and sheathing with gypsum joint systems, tape and drywall mud, or a combination of other materials to create a permanent surface of coating. This classification includes texturing of walls and ceilings.

H. GS-8. Earthmoving, Excavating and Ditching. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as digging, moving and placing material forming the surfaces of the earth other than air and water, in such a manner that a cut, fill, excavation, grading, trenching, backfilling and any similar excavating, grading and trenching operation can be executed with the use of those hand and power tools and machines that use and custom has established, or which tools and machines are now used to dig, move and place that material forming the earth's surface other than air and water, including the use of explosives in connection therewith, or doing any part, or any combination of any thereof.

I. GS-9. Elevators, Escalators, Conveyors and Related Machinery (non-electrical). (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as the erecting, installing of sheave beams, sheaves, cable and wire rope, guides, cab, counterweights, doors, including sidewalk elevators, automatic and manual controls, signal systems and all other devices, apparatus, machinery and equipment (including fabrication on job site) essential to the safe and efficient installation and operation of electrical, hydraulic and manually operated elevators, escalators and conveyors.

J. GS-~~[10]~~ 29. Fencing. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as the assembling, cutting, shaping, fabricating and installing of barbed wire, wood or metal fencing, masonry brick or block fence walls, including incidental concrete work, under an agreed specification, or doing any part of any combination thereof. This contractor is not authorized to install retaining walls.

K. GS-~~[11]~~ 29. Fixtures, Cabinets and Millwork. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as selecting, cutting, surfacing, joining, sticking and gluing frame wood and wood products and other materials, including metals in such a manner that, under an agreed specification, acceptable cabinets, non-bearing partitions and such other mill products as are by custom and usage accepted in the building and construction industry, as cabinet and millwork, together with all devices and fixtures appurtenant to the efficient installation and operation of such cabinets and millwork can be

executed and the placing, erecting, fabricating and finishing in buildings, structures and elsewhere of such cabinet and millwork with all devices and fixtures appurtenant to the efficient installation and operation of such cabinet and millwork, or doing any part or any combination of any thereof.

L. GS-[42] 29. Floor Covering, Seamless Floors and Wood Floors and Finish. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as examining surfaces and specifying the preparatory work necessary to bring such surfaces to a condition where, under an agreed specification, acceptable finished floors can be installed with the use of composition materials and fabrics and such other materials as are by custom and usage accepted in the building and construction industry as floor covering, can be executed or doing any part or combination of any thereof. He may also contract for such preliminary and preparatory work as selecting, cutting, laying, finishing and repairing wood floors and flooring, in buildings and structures previously built and currently under construction, including the scraping, sanding, filling, staining, shellacking and waxing of such wood floors and flooring, in such a manner that wood flooring can be laid, fabricated, installed or doing any part or any combination thereof. This authorization does not include the installation of carpeting.

M. GS-13. Framing. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as selecting, cutting, joining, combining and forming wood and wood and metal products for the framing of a structure or building, including bearing and non-bearing walls, rafters, headers, trusses, joists, studs, door and window rough frames and including any repair to any of the above.

N. GS-[44] 29. Glazing, Weather stripping, Storm Door and Window Installation. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as the selecting, cutting, assembling and installing all makes and kinds of glass work, and executing the glazing of frames, panels, sash and doors, in such a manner that, under an agreed specification, acceptable glass work and glazing can be executed, fabricated and installed but shall not include the manufacture or fabrication or installation in any building or structure of any frame, panel, sash or door, upon or within which such frame, panel, sash or door, such glass work or glazing has been executed or installed, and selecting and applying materials, devices and stripping for the internal and external control of weather conditions, or doing any part or any combination of any thereof, in such a manner that weather stripping and caulking can be executed, fabricated and installed. He may also contract for such work as selecting, cutting, surfacing, joining, sticking, gluing wood and other materials, including metal, for installation of storm doors and windows to be installed and/or attached to buildings and structures.

O. GS-[45] 29. Caissons, Piers and Pile Driving. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as the installation of piers, caissons and pilings through the use of pile driving equipment and machinery. He may perform necessary excavation, grading and clearing for site preparation for pile driving activities. This classification also includes the use of gases and electrical energy necessary for cutting, welding, joining and fabricating caissons or piles. He may install all necessary concrete and reinforcing steel within the caissons to create a structural member.

P. GS-16. Masonry. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as the selecting, cutting and laying of brick and other baked clay products, rough cut and dressed stone, artificial stone and pre-cast blocks, structural glass brick or block adobe, laid at random or in courses, with or without mortar, or doing any part, or any combination thereof, in such a manner that under specification, acceptable brick and other baked clay products, stone and structural glass brick or adobe block masonry can be executed, fabricated or erected, but shall not include such work as the application of the tile to existing surfaces and shall not include such work as the execution, fabrication and erecting of poured cement and concrete. This contractor may erect masonry brick or block walls including retaining walls.

Q. GS-[47] 29. Ornamental Iron and Welding. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as the casting, cutting, shaping, stamping, forging, fabricating, and installing sheet, rolled and cast, brass, bronze, copper, cast iron, wrought iron, monometallic, stainless steel or any other metal, or any combination thereof, as has been and now are used in the building and construction industry for the architectural treatment and ornamental decoration of buildings and structures, in such a manner, that under an agreed specification, acceptable ornamental metal work can be executed, fabricated and installed, but such work shall not include the work of a sheet metal contractor, GS-32 as provided in these classifications. He may also bid and contract for the use of gases and electrical energy to create temperatures of sufficient heat to cause metals to become permanently affixed, attached, joined and fabricated in such a manner that welding can be executed in accordance with the New Mexico Building Code.

R. GS-[48] 29. Painting and Decorating. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as the examining of surfaces and specifying and executing the preliminary and preparatory work necessary to bring such surface to a condition where, under an

agreed specification, acceptable work can be executed thereon with the use of any, or all, of the following: wallpaper, paints, pigments, oils, turpentine, japans, driers, thinners, varnishes, shellacs, stains, fillers, waxes and any other vehicles that may be mixed, used and applied to the surfaces of buildings, tanks, structures, monuments and appurtenances thereto, of every kind, type and description in their natural state of condition, or constructed or fabricated of any material or materials whatsoever that can be painted as are by custom and usage accepted in the building and construction industry. Such contractor may also contract only for the painting portions of those items identified in the GA-4, Striping classification.

S. ~~GS-19. [Remodeling. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work requiring the ability, experience, knowledge and skill to perform alterations and additions that do not exceed 25% of the existing floor space of the structure to be remodeled. The same contractors licensed under GB-2 and GB-98 are authorized to bid on, contract for, construct and execute, providing that the same ability, experience, knowledge and skill shall be required of the contractor licensed under this classification as shall be required of the contractors licensed to bid on and contract for work permitted under GB-2 and GB-98 as provided in those classifications.] -Not Used~~

T. ~~GS-20. [Trenching and Backhoe Owner/Operator. (Requires two years' experience.) A contractor under this classification is authorized as the owner, or qualifying party for a licensee and operator of a single backhoe combination tractor or single trenching machine, to bid and contract for trenching, digging, backfilling and placing of earthen materials. The use of explosives, blasting or any part of drilling operations is not allowed under this classification. If more than one such backhoe combination tractor or trenching machine is operated by the contractor or if the contractor uses the services of an employee or employees to operate such equipment, a GS-8 classification is required.] Not Used.~~

U. GS-21. Roofing. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as examining surfaces and specifying the preliminary and preparatory work necessary to bring such surfaces to a condition where, under an agreed specification, acceptable work can be executed and fabricated thereon with such material or materials as do seal, waterproof and weatherproof such surfaces by such means and in such a manner as to prevent, hold, keep and stop water, its derivatives, compounds and solids from penetrating and passing any such protective material, membrane, roof, surface or seal thereby gaining access to material or space beyond such weatherproof, waterproof or watertight material, membrane, roof, surface or seal with the use of any or all of the following: asphaltum, pitch, tar, felt, flax, shakes, shingles, roof tile, slate, plastic and any other material or materials or any combination thereof, that use and custom have established as usable for, or for which material or materials are now used as, such waterproof, weatherproof or watertight seal for such membranes, roofs and surfaces, and the selection, cutting, shaping, fabricating and installing of sheet metal such as cornices, flashing, gutters, leaders, rainwater downspouts, pans, prefabricated chimneys, at or near roof lines, metal flues, or doing any part of any combination thereof, which relate to and are incidental to the principal contracting business of installing roofing.

V. ~~GS-[22] 29.~~ Sandblasting. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as examining surfaces and preparing such surfaces, on the exterior of buildings and structures, for the application by hand or with energy generated by mechanical devices, of sand, air and forms of mixed abrasives for the purpose of cleansing exterior surfaces of a building or structure. He may also do sandblasting to remove existing exterior paint or other coatings.

W. ~~GS-[23] 29.~~ Sign Construction (non-electrical). (Requires two years' experience.) A contractor under this classification is authorized to bid on and contract for such work as fabrication, installing and erecting signs of wood, steel, plastic or any material, or any combination of materials, which signs shall be embedded in the earth, in concrete or other satisfactory base material, or attached to buildings or structures and supported against forces of wind, rain and other natural elements through its own structure or attached cables, bars or similar devices and appurtenances. Electrified signs may be installed by contractors holding ES-1 without being classified hereunder. Any electrical work must be performed by properly classified and licensed contractors.

X. GS-24. Structural Steel Erection. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as fabricating and erecting structural steel shapes and plates, or any profile, perimeter or cross-section, that are or may be used as structural members for buildings and structures, including riveting, welding and rigging only in connection therewith, in such a manner that structural steel work can be fabricated and erected; and using gases and electrical energy to create temperatures of sufficient heat to cause metals to become permanently affixed, attached, joined and fabricated.

Y. GS-25. Swimming Pools (non-mechanical/electrical). (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work which requires that ability, experience, knowledge and skill in connection with the use of those building and construction industry trades, crafts

or skills necessary to the preparation of the surface intended for the construction of a swimming pool. A licensee under this classification shall not perform any trade or craft which is authorized by any one, or a combination of, classifications as provided in the Mechanical construction classifications, Electrical construction classifications, or LP Gas classifications.

Z. GS-[26] 29. Vaults and Depositories. (Requires two years' experience.) A contractor under this classification is authorized to bid on and contract for such work as setting in place in buildings or structures safes, vaults and depositories of any size, shape or form or for any use, fabricated with wood, steel, concrete or any other material or materials or combination thereof, and the examining and preparation of those areas and specific sections of buildings and structures to house such safes, vaults, depositories, including mobile depositories affixed to buildings or like devices intended for the safekeeping of tangible personal properties of any type. This classification shall authorize the construction, erection or installation of buildings or vaults to be used for the purpose of interring deceased persons.

AA. GS-27. Not Used.

BB. GS-[28] 29. Guniting. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work which requires that ability, experience, knowledge and skill in connection with the installation of gunite in areas which include, but are not limited to, swimming pools, canals, reservoirs, bank stabilization and open ditch irrigation systems. A licensee under this classification shall not perform any trade or craft which is authorized by any one or combination of classifications as provided by the Mechanical or Electrical classifications.

CC. GS-29. Various Specialties. (Requires two years' experience.) The construction industry has multiple specialties. To individually identify all such specialties would require the establishment of many more classifications than set forth in these rules and regulations. Therefore, the declared policy of the Division is to establish the classifications most common in the industry. All of these various GS specialties carry this same classification.

DD. GS-30. Plastering, Stucco and Lathing. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for preparing wall and ceiling surfaces, interior or exterior, with wood, metal lath, wallboard or other properly prepared surfaces which will accept and hold a mixture of sand, plaster (including gypsum plaster), lime and water, or sand and cement with water or any combination of materials to create a permanent surface coating. These coatings may be applied manually or mechanically on surfaces which will support such coating. He may install steel stud systems (non-structural), channel iron work and affix lath or any other materials or products, prepared or manufactured to provide a base for such coatings.

EE. GS-[34] 29. Siding. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for the application of materials known in the building trades as siding or surfacing. These materials generally consist of slate, gypsum, wood plastics and many other products. They must be applied in accordance with the manufacturer's specifications and when necessary, on a furred-up grill or network. An example, wood or plaster. This does not include installation of or painting of trim areas such as doors and/or windows.

FF. GS-[32] 29. Miscellaneous Sheet Metal. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract to select, cut, shape, fabricate and install sheet metal (galvanized iron) such as cornices, flashing, gutters, leaders, rainwater downspouts, pans, prefabricated chimneys, hoods, skylights and metal flues, etc., or to do any part of or any combination thereof, in such a manner that the sheet metal work can be executed, fabricated and installed. Further, it is understood that this contractor shall not install HVAC duct systems, vents, grease hoods, or other appurtenances which require a mechanical permit and inspections as per the Uniform Mechanical Code. Heat ductwork and refrigeration ductwork are not included in this classification.

GG. GS-33. Not Used.

HH. GS-[34] 29. Concrete Coring, Drilling and Slab Sawing. (Requires two years' experience.) A contractor under this classification is authorized to bid and contract for such work as coring, boring, drilling, cutting and sawing concrete, including the removal or demolition of the material. He may not contract for the installation of wiring or plumbing in such bored, drilled, cut or sawed concrete.
