The type and amount or degree of support provided by the authority will generally depend on the request of an applicant, the evaluation of the project based on the criteria, and RETA's resource capacity to support the project.

(2) The authority may decline to participate in any project, or may participate in any project through a letter of support; an MOU; a joint development agreement; financing of a project in whole or in part; entering into a partnership or limited liability company agreement with a person; or acquisition of a project.

The authority may use one or more of these criteria during the evaluation process; depending on the type of request being considered. Further detail regarding the basis for RETA's evaluation of a project may be issued by the board in a policy.
